## EXAMPLE 46 (cont.): Using all three methods to calculate a capital gain

## CAPITAL GAIN OR CAPITAL LOSS WORKSHEET

This worksheet helps you calculate a capital gain for each CGT asset or any other CGT event1 using the indexation method2, the discount method3 and the 'other' method (CGT asset held less than 12 months). It also helps you calculate a capital loss.

| CGT asset type or CGT event   | Shares in companies listed on an Australian securities exchange <sup>4</sup> |                                | Other shares <sup>5</sup>                                |                     |   | Units in unit trusts listed on an Australian securities exchange <sup>6</sup> |                                    |                           |
|---|--|--------------------------------|--|---------------------|---|---|------------------------------------|---------------------------|
