## YOU NEED TO KNOW

- *Retirees TaxPack 2007* is a guide to help you complete the *Tax return for retirees 2007*.
- There are two copies of the *Tax return for retirees 2007* at the back of this publication. We have also provided an envelope you can use to lodge your tax return.
- You can get extra copies of *Retirees TaxPack 2007* from Tax Office shopfronts or by phoning our Personal Infoline (see the inside back cover).

### CAN YOU USE RETIREES TAXPACK 2007?

To be able to use *Retirees TaxPack 2007* to fill in your tax return, you must meet the following **four conditions**:

#### Condition 1

You were an Australian resident for tax purposes from 1 July 2006 to 30 June 2007.

You are an Australian resident for tax purposes if:

- you have always lived in Australia or you have come to Australia and live here permanently, or
- you have been in Australia for more than half of 2006–07 – unless your usual home is overseas and you do not intend to live in Australia.

If you go overseas temporarily and you do not set up a permanent home in another country, we may continue to treat you as an Australian resident for tax purposes.

If you need help in deciding whether or not you are an Australian resident for tax purposes, use the **Are you a resident?** tool on our website or phone the Personal Infoline.

#### Condition 2

You had no dependants, other than a spouse, during the period 1 July 2006 to 30 June 2007.

#### Condition 3

**All** of your tax affairs are covered by the questions in *Retirees TaxPack 2007* (see list on page 6) and none of your tax affairs are covered by any of the questions listed on page 7.

#### Condition 4

**All** the following statements apply to you:

- You **did not** receive a distribution of a capital gain from a trust including a managed investment fund in 2006–07.

- You **did not** receive distributions from a corporate limited partnership, or amounts treated as dividends from a private company.
- You **do not** want to claim a foreign tax credit. (You would want to claim a foreign tax credit if you had a foreign pension or annuity from which tax had been taken.)
- You **do not** want to claim a deduction for interest or other debt you incurred in relation to a foreign pension or annuity.
- You **did not** have a lump sum foreign pension payment for an earlier year.
- You **did not** have exempt overseas employment income and \$1 or more of other income.
- You **did not** pay foreign tax on a foreign capital gain.
- You **do not** want to claim the 30% child care tax rebate.

### OTHER WAYS TO PREPARE YOUR TAX RETURN

If you do not meet all the four conditions above, you cannot use *Retirees TaxPack 2007* because the shortened material does not cover all of your tax affairs. You need to complete the *Tax return for individuals 2007* using either:

- e-tax to lodge online (download e-tax at [www.ato.gov.au](http://www.ato.gov.au)), or
- *TaxPack 2007*, and you may also need *TaxPack 2007 supplement*

#### ! NOTE

*TaxPack 2007* and *TaxPack 2007 supplement* are available from most newsagents during the lodgment period (1 July to 31 October 2007). Copies are also available all year from our Publications Distribution Service (see the inside back cover) and shopfronts.

Even if you meet all the conditions and are able to use *Retirees TaxPack 2007*, you may not need to lodge a tax return (read below).

### DO YOU NEED TO LODGE A 2007 TAX RETURN?

There are a number of reasons you may have to lodge a tax return for the 2006–07 income year (1 July 2006 to 30 June 2007). Check each reason

listed below, in order, from **Reason 1** to **Other reasons**. If you:

- find a reason that applies to your circumstances, you have to lodge a tax return. You do not need to read any further on this page. Go to page 5.
- don't find a reason that applies to you, you may need to submit a *Non-lodgment advice 2007*. See the next page to find out if you need to complete one.

 You can use the **Do I need to lodge a tax return?** tool on our website to find out if you have to lodge a tax return for the 2006–07 income year – go to [www.ato.gov.au/individuals](http://www.ato.gov.au/individuals)

### Reason 1

#### You were eligible for the senior Australians tax offset.

(If you are unsure, pages 53–4 provide information on eligibility for this tax offset.)

You need to lodge a tax return if your taxable income (not including your spouse's) was more than the following relevant amount:

- **\$24,867** – if you were single, widowed or separated at any time during the year
- **\$23,600** – if you had a spouse but one of you lived in a nursing home or you had to live apart due to illness
- **\$20,680** – if you lived with your spouse for the full year.

### Reason 2

#### You received an Australian Government pension, allowance or payment listed at question 1 on page 17 but you were not eligible for the senior Australians tax offset.

You need to lodge a tax return if:

- you received a payment **and** your taxable income was more than the following relevant amount:
  - **\$21,637** – if you were single, widowed or separated at any time during the year
  - **\$20,710** – if you had a spouse but one of you lived in a nursing home or you had to live apart due to illness
  - **\$18,330** – if you lived with your spouse for the full year.

### Reason 3

#### Reasons 1 and 2 do not apply but you received or earned income.

You need to lodge a tax return if your taxable income exceeded **\$6,000** and you were an Australian resident for tax purposes for the full year.

### Other reasons

You need to lodge a tax return if any of the following applied to you:

- You had amounts of tax withheld from income you received or earned.
- You paid an amount under the pay as you go (PAYG) instalment system during the year.
- You are the liable parent under a child support assessment.
- You have a reportable fringe benefits amount on your *PAYG payment summary – individual non-business*.
- You are entitled to the private health insurance tax offset – see question **23** on pages 62–4.
- You carried on a business.
- You made a loss, or you can claim a loss you made in a previous year.
- You were entitled to a distribution from a trust which carried on a business of primary production.
- You had an interest in a partnership which carried on a business of primary production.
- You were an Australian resident for tax purposes and you had exempt foreign employment income and \$1 or more of other income.
- You are a special professional covered by the income averaging provisions.
- You received income from dividends or distributions exceeding \$6,000 **and** you had franking credits or amounts withheld because you did not quote your tax file number (TFN) or Australian business number (ABN) to the investment body.
- You made personal contributions to a complying superannuation fund or retirement savings account and will be eligible to receive a Super Co-contribution in relation to those contributions.

### Deceased estate

If you are looking after the estate of someone who died during 2006–07, consider the above points on their behalf. If a tax return is not required, complete the *Non-lodgment advice 2007* on the next page and send it to the Tax Office. If a tax return is required, see page 13 for more information.

### Franking credits

If you have a franking credit shown on your dividend statement or your distribution statement from a managed fund for 2006–07 you may be able to claim a refund of this franking credit without lodging a tax return.

The publication *Refund of franking credits instructions and application for individuals 2007* (NAT 4105–6.2007) has more information about the conditions that apply and how you can claim your franking credit. It is available on our website or to find out how to get a printed copy, see the inside back cover.

**If you do not need to lodge a tax return**

If you do not need to lodge a tax return, you should complete the form below and send it to the Tax Office **unless** one of the following applies to you:

- You have already sent us a tax return, non-lodgment advice, form or letter telling us that you do not need to lodge a tax return for all future years.
- You are lodging an application for a refund of franking credits for 2007.

- Your only income was from a pension, allowance or payment listed at question 1 on page 17 and your taxable income was less than the relevant amount in **Reason 1** (if you are eligible for the senior Australians tax offset) or **Reason 2**. (The agencies that pay these have provided information for us to determine that you do not need to lodge a tax return.)

## DOES THE CAPITAL GAINS TAX (CGT) QUESTION APPLY TO YOU?

You may not be aware that question **9 Capital gains** applies to your circumstances. The following information is provided as a general guideline to help you work out if you need to complete item **9**.

### Capital gains or capital losses

You generally make a capital gain or capital loss if a CGT event happens. You can also make a capital gain if you have an investment in a managed fund or other trust and you are entitled to a share of a capital gain made by the trust.

The most common CGT event happens if you dispose of an asset to someone else – for example, you sell it or give it away. CGT assets include real estate, shares in a company and units in a unit trust.

Here are examples of other common CGT events:

- An asset you owned was lost or destroyed.
- An asset (such as shares you owned) was cancelled, surrendered or redeemed.
- A liquidator or administrator declared that shares you own are worthless.
- You received an amount in respect of a share or trust interest that was not income and was not for the disposal of the share or trust interest (known as a 'return of capital' or 'non-assessable payment').
- You ceased to be an Australian resident.

Remember, e-tax can help you work out if you have a capital gain or capital loss. It also has a calculator that may help you work out the amount of any capital gain or capital loss you have made. Download e-tax at **[www.ato.gov.au](http://www.ato.gov.au)**

#### Tax Help community volunteers

Tax Help is a network of community volunteers trained to help people prepare their tax returns and claims for refunds of franking credits.

If you have a **vision impairment** you can prepare your tax return on your personal computer and lodge online using e-tax which is available on our website. You need the internet and screen reader and/or screen magnification software. We recommend that you use a Microsoft Windows operating system.

### YOU CAN ASK FOR A RULING

#### Private rulings

If you have a complex query about your tax affairs, you can ask us for a private ruling that will relate to your particular circumstances.

To do this, either contact us or complete a *Private ruling application form (non-tax professionals)* (NAT 13742) which is available on our website.

Lodge your tax return by the due date even if you are waiting for the reply to your private ruling. You may need to request an amendment to your tax return once you have received the private ruling.

We publish all private rulings on our website. (Before we publish them, we edit the text to make sure we do not publish information that identifies you.) For more information, see *How to apply for a private ruling* (NAT 9188) which is available on our website.

You can ask for a review of your private ruling if you disagree with it. However, if we have issued an assessment for the period to which the ruling relates, the private ruling cannot be reviewed. If we have issued your assessment you can ask for your assessment to be reviewed. We send you details of the review procedures when we send your ruling to you.

#### Oral rulings

You can apply for an oral ruling from the Tax Office over the phone on a simple non-business tax enquiry that relates specifically to your own tax affairs or to the tax affairs of someone for whom you are the legal personal representative. An oral ruling is binding on the Tax Office in much the same way as a private ruling.

To be eligible for an oral ruling you must meet certain conditions. Your enquiry must be about a simple non-business related income tax matter and you must be able to confirm your identity. Your TFN and most recent notice of assessment will usually be sufficient proof of identity.

We will confirm your eligibility for an oral ruling by asking you a series of questions. If you receive an oral ruling we will provide you with a receipt number for your ruling.

To get further information or to apply for an oral ruling phone the Personal Infoline (see the inside back cover).

## WHAT'S NEW THIS YEAR?

### ELECTRONIC FUNDS TRANSFER OF REFUNDS

This year, if you want your tax refund deposited directly into an Australian bank, credit union or building society account of your choice, you **must** provide your account details on page 1 of your tax return. Read **Electronic funds transfer (EFT)** on page 14 for more information.

### DO NOT ATTACH PAYMENT SUMMARIES

This year, do not attach your payment summaries (or statutory declarations in respect of missing payment summaries) to your tax return. Generally, you must keep your payment summaries and statutory declarations for five years.

### SUPERANNUATION CHANGES

If you are aged 60 years and over and your only source of income is from superannuation benefits (both lump sum and income streams) that have already been subject to tax in the superannuation fund you may not have to lodge a tax return in the future. Read **Will you need to lodge an Australian income tax return in the future?** on page 13 for more information.

### FOREIGN INCOME EXEMPTION FOR TEMPORARY RESIDENTS

From 1 July 2006 if you meet the temporary resident requirements you will not pay tax on most of your foreign income and can disregard some capital gains. For further information, read **Exempt income** on page 16 or see the electronic publication *Foreign income exemption for temporary residents*. It is available on our website.

### GIFTS TO POLITICAL PARTIES AND INDEPENDENTS (QUESTION 13)

The rules on deductibility for contributions and gifts made on or after 22 June 2006 to registered political parties and to independent members of (or candidates for) an Australian parliament or legislative assembly have changed. Read question **13** on pages 39–42 for more information.

### EMPLOYEE SHARE SCHEMES AND STAPLED SECURITIES (QUESTION 9)

From 12 April 2007 stapled securities and rights to acquire them can be acquired under employee share schemes. Read question **9** on pages 32–4 for more information.

## IMPORTANT MESSAGES

### SELF-ASSESSMENT – IT'S YOUR RESPONSIBILITY

Under our system of self-assessment we prepare *Retirees TaxPack 2007* and our other tax-time publications annually to give you the information and guidance you need to complete your tax return. It is your responsibility to lodge a tax return that is signed, complete and correct. We use the information on your tax return to issue your notice of assessment.

When you receive your notice of assessment, you may find that we have made some adjustments – for example, correcting an error you may have made adding up your figures. However, we do not check everything on your tax return before issuing your notice of assessment.

We may not initially adjust any claims you make on your tax return. We do not take responsibility for checking that details on your tax return are correct – that is your responsibility.

At a later date we may check some of the details on your tax return more thoroughly.

Under the law, we are generally allowed a period of two years (depending on your circumstances – see **Amendment period** below) to review a tax return and if necessary may increase or decrease the amount of tax payable. This period of review is extended where tax avoidance is involved.

Please remember, even if someone else helps you to complete your tax return, you must sign the *Taxpayer's declaration* and you are responsible for the information provided on your tax return. Another person may sign your tax return on your behalf if they have authority to do so under a power of attorney. A certified copy of the current power of attorney must be attached to your tax return unless the authority has already been lodged with us.

If, after lodging your tax return, you believe you have made a mistake, see page 81 to find out what to do.

### AMENDMENT PERIOD

If you are among the majority of taxpayers, your income tax affairs for a particular income year will be considered finalised two years after the Commissioner issues your notice of assessment (for more information, go to [ato.gov.au/notices](http://ato.gov.au/notices)). However, some taxpayers will have a four-year amendment period.

Generally, you will have a four-year amendment period if:

- you carried on a business and you are not a simplified tax system (STS) taxpayer for that year
- you were a partner in a partnership that was carrying on a business and the partnership was not an STS taxpayer for that year
- you received a trust distribution in that year and the trust was not an STS taxpayer for that year
- any person entered into or carried out a scheme with the dominant purpose of obtaining for you a benefit in relation to income tax.

### KEEP YOUR RECORDS

You need to keep records:

- to provide written evidence of your income and expenses
- to help you or your tax agent prepare your tax return
- to ensure that you are able to claim all your entitlements, and
- in case we ask you to prove the information you provided on your tax return.

You must keep most of your written evidence for five years from the date you lodge your tax return. If you have acquired or disposed of an asset, applied a capital loss, or are in dispute with the Tax Office, you must keep the records longer, as follows:

**assets:** five years after the capital gains tax event happened for which those records will be needed to work out a capital gain or capital loss

**losses:** generally four years from the year of income when a net capital loss is fully applied

**dispute with the Tax Office:** five years from the date you lodged your tax return, or when the dispute is settled, whichever is later.

You only need to keep your payment summary for two years if you are an Australian resident and have simple tax affairs. To check whether you qualify for this shorter record-keeping period, refer to our website.

## DUE DATE FOR LODGING

### LODGE YOUR TAX RETURN BY 31 OCTOBER 2007

You have from 1 July to 31 October 2007 to lodge your tax return, unless it is prepared by a registered tax agent.

Don't delay sending your tax return, even if you think you will owe tax. The earliest due date for payment of any 2006–07 personal income tax liability is 21 November 2007. If you lodge your own tax return by 31 October 2007, your tax is payable by the date specified on your notice of assessment.

If you lodge your tax return late, or not at all, any tax payable will be due on 21 November 2007 and a general interest charge will be calculated from that date until full payment is received. In addition, a penalty for failure to lodge on time may be applied (see **Failure to lodge on time penalty** in the next column).

Before you lodge your tax return, make sure you have read **Self-assessment – it's your responsibility** on the previous page.

### IF YOU CANNOT LODGE BY 31 OCTOBER 2007

If you cannot lodge by 31 October 2007 due to circumstances beyond your control, contact us as soon as possible – and certainly before 31 October 2007 – to find out if you can lodge at a later date. Phone our Personal Infoline (see the inside back cover) or send a written request to the address that appeared on your notice of assessment for the year ending 30 June 2006, if you have one, or to your nearest tax office (addresses are listed on pages 95–6). Explain why you need to lodge late and suggest another date. We will consider your request and contact you.

The following explanations will not normally be accepted as reasons for allowing a late lodgment:

- a delay in receiving your payment summary
- losing your payment summary, or
- being absent from Australia.

If you have not received your payment summary or you have lost it, see **Late, lost or wrong payment summaries** on page 22 for information on what you should do.

### FAILURE TO LODGE ON TIME PENALTY

We may impose a failure to lodge on time penalty if you lodge your tax return late.

If your tax return is incomplete – for example, if it is not signed – we may send it back to you asking you to complete it and return it to us. We consider that your tax return has not been lodged until it is returned to us complete.

Generally, we apply a penalty of \$110 for every 28 days (or part thereof) your tax return is overdue, to a maximum of \$550.

We may apply the penalty even where there is no tax payable. However, our policy is not to apply a penalty where:

- you lodge your tax return voluntarily, and
- no tax is payable.

We are likely to apply the penalty if:

- you have more than one tax return outstanding
- you have a poor lodgment history, or
- you have not complied with a request to lodge your tax return.

The penalty is in addition to any general interest charge that may apply if you do not pay any tax amount outstanding after the due date.

#### ! IF YOU NEED MORE HELP, VISIT OUR WEBSITE.

You can visit our website for more information on anything that you read in *Retirees TaxPack 2007*.

You can use the tools and calculators on the website to help you complete your tax return.

## COMPLETING PAGE 1 OF YOUR TAX RETURN

We require the information you provide on page 1 of your *Tax return for retirees 2007* before we can start processing it. It is important that you complete this page accurately to avoid delays.

Many of the items on page 1 of the tax return relate to your personal details and need no explanation. For the tax-related items, we have provided some additional information to help you complete them. If you need further help, phone the Personal Infoline (see the inside back cover).

### YOUR TAX FILE NUMBER

If you already have a tax file number (TFN), you can find it on your last notice of assessment or the payment summary you received from your employer or other payer. If you cannot find your TFN, phone the Personal Infoline. You will need to provide personal information to confirm your identity.

If you do not have a TFN and you are a permanent migrant or temporary visitor to Australia and have a visa that allows work rights, a visa that allows permanent migration, a valid overseas student visa or a valid visa to stay in Australia indefinitely, you may apply for a TFN online by visiting our website at [www.ato.gov.au](http://www.ato.gov.au) and selecting 'For individuals' – 'Apply for a tax file number' – 'Online individual tax file number (TFN) registration (NAT 4157)'.

If you do not have a TFN and you are not a permanent migrant or temporary visitor to Australia with a visa that allows work rights, you will need to complete the form *Tax file number application or enquiry for an individual* (NAT 1432-12.2005).

This form is available on our website or to find out how to get a printed copy, see the inside back cover.

You will need to provide original, unaltered documents that prove your identity with your application. You will find a list of acceptable proof of identity documents on the form.

From 1 July 2007, it has become more important to quote your TFN for taxation and superannuation purposes. To get the full benefit of the new superannuation rules, make sure all your superannuation funds have your TFN.

### WILL YOU NEED TO LODGE AN AUSTRALIAN TAX RETURN IN THE FUTURE?

This may be your last tax return if:

- your annual taxable income in the future will be below the tax-free threshold (\$6,000 for 2007–08)
- your only source of income in the future will be an Australian Government pension
- you will become eligible for the senior Australians tax offset in the income year 2007–08 and your taxable income is below the threshold for lodging a tax return this year (for threshold levels and eligibility for 2006–07, see pages 3 and 53–4)
- you are moving overseas permanently, or
- you are aged 60 years and over and your only source of income is from superannuation benefits (both lump sum and income streams) that have already been subject to tax in the fund. This covers the great majority of superannuation members. You may be required to lodge a tax return in the future where your superannuation benefit contains an amount (other than the tax-free component) that has not been subject to tax in the fund (an untaxed element). This amount is subject to tax but at concessional rates. This generally applies to members of superannuation funds established by the Australian Government or a state government.

### DECEASED ESTATE – ARE YOU LOOKING AFTER THE ESTATE OF SOMEONE WHO DIED DURING THE YEAR?

Page 3 will tell you if you need to complete a tax return.

If you need to complete a tax return, prepare it for the income year up to the date of death.

Print DECEASED ESTATE on the top of page 1 of the tax return and at the question **Will you need to lodge an Australian tax return in the future?** print **X** in the **NO** box. The executor or administrator of the estate must sign the tax return on behalf of the deceased person and send it to us.

Certain types of income received after the date of death may need to be shown on a trust tax return. If you have any questions, phone the Personal Infoline.

## ELECTRONIC FUNDS TRANSFER

### Direct refund

Using electronic funds transfer (EFT), we can deposit your tax refund directly into an Australian bank, credit union or building society account of your choice. An EFT deposit will give you quicker access to your money. Direct deposit of your refund is not available on the full range of accounts. If you are in doubt, check with your financial institution.

If you would like to use EFT, print **X** in the **YES** box at the question **Do you want your refund paid directly into your financial institution account?** on page 1 of your tax return.

#### IMPORTANT

Make sure your account details are correct – if you provide another person's account details, your refund will be sent to that account.

If you used a tax agent last year but are preparing your own tax return this year, remember to provide the account details of your chosen account.

Complete the following steps.

**STEP 1** Write the BSB (bank state branch) number. Do not include spaces, dashes or hyphens. The BSB number is the six-digit number that identifies the financial institution. It can be found on an account statement or a cheque form. If you do not know the BSB number, or the one you have has fewer than six digits or is for a credit union account, check with the financial institution.

**STEP 2** Write the account number as shown on the account records. Do not include spaces. An account statement, cheque book or other document from the financial institution will show this information. You cannot use an account number that has more than nine characters (numbers or letters).

**STEP 3** Print the account name (also called the account title) as shown on the account records. Include a space between each word and between any initials in the account name. Do not print the account type – for example, savings, cheque, mortgage offset.

If your name is John Q Citizen, you might have an account with the account name shown as JQ Citizen, or John Q and Mary Citizen, or another variation.

#### MORE INFORMATION

If you need more information on using EFT for your refund, phone the EFT Infoline (see the inside back cover).

### Direct debit

If you have a tax debt, your notice of assessment will show a due date for payment. If you want to pay using EFT direct debit from your account, phone the EFT Infoline.

If you have provided us with a *Direct debit request* but your notice of assessment does not state that the payment will be debited from your account, phone the EFT Infoline.

## EXEMPT INCOME – INCOME YOU DO NOT PAY TAX ON

## QUESTION 2

2

### OTHER AUSTRALIAN PENSIONS OR ANNUITIES

INCOME

2

#### Did you receive an Australian:

- **annuity**
- **superannuation pension**
- **pension not listed at question 1?**

**NO**  Go to question 3.

**YES**  Read below.

#### **STOP**

Do not show at this item:

- age, service and other Australian Government pensions or allowances. These are dealt with at question 1
- pensions or annuities paid from overseas. These are dealt with at question 3
- exempt pensions as listed on page 15. These are not taxable and should not be shown anywhere on your tax return.

Australian pensions and annuities include:

- superannuation and similar pensions and annuities paid to you by an Australian superannuation fund, retirement savings account (RSA) provider or life assurance company, and
- pensions paid by a fund established for the benefit of Commonwealth, state or territory employees and their dependants – for example, funds managed by ComSuper and VicSuper.

Also show at this item Australian annuities and pensions paid to you while you were still working.

The company, superannuation fund or RSA provider that pays your pension will give you a *PAYG payment summary – individual non-business* or statement showing how much you were paid and the amount of tax withheld.

If you have not received your payment summary or statement, or you have lost it, contact your payer to get a copy.

#### **NOTES**

- 1 If you have not given your tax file number (TFN) to your fund or RSA provider, they may withhold a greater rate of tax from your benefit than if you had provided it. You can phone or write to your fund or RSA provider and quote your TFN.
- 2 Superannuation funds and RSA providers also use TFNs to keep track of superannuation benefits.

#### **COMPLETING THIS ITEM**

**STEP 1** Print the type of pension or annuity – for example, ‘superannuation pension’ – in the **Type** box at item 2 on page 2 of your tax return. If you received more than one type, print the type that gave you the largest amount of income.

**STEP 2** Add up all the tax withheld amounts as shown on your payment summaries and statements and write the total amount at the left of **J** item 2. Do not include amounts already shown at item 1.

**STEP 3** Add up all the gross amounts shown on your payment summaries and statements and write the total amount at **J** item 2. Do not show cents.

Keep all statements and payment summaries with your records. Do not attach them to your tax return.

#### EXAMPLE

Roberta received a yearly pension of \$15,000 from the Solid Rock pension scheme. In 2006–07 Solid Rock withheld \$1,402.00 in tax from Roberta’s pension.

Roberta fills in item 2 on her tax return like this:

<b>2</b> <b>Other Australian pensions or annuities – including superannuation pensions</b>	Tax withheld – do not show cents	<b>J</b> 15,000.00
Type <input type="text" value="Superannuation pension"/>	<input type="text" value="1,402.00"/>	

## ! DEDUCTIONS AND TAX OFFSETS

### **Undeducted purchase price**

If your annuity or pension has an undeducted purchase price, you can claim the deductible amount. Read question **14** on pages 43–4 for more information.

### **Senior Australians tax offset**

You may be entitled to a senior Australians tax offset. Read pages 53–4 to find out more about this tax offset.

### **Superannuation annuity and pension tax offset**

You may be entitled to a tax offset for your pension or annuity. Read question **22** on pages 59–61 to find out more about this tax offset.

## QUESTION 3

# 3

### FOREIGN SOURCE PENSION OR ANNUITY INCOME

3

INCOME

#### Did you receive income from a foreign pension or annuity?

**NO**  Go to question 4.

**YES**  Read below.

#### STOP

You cannot complete your tax return using *Retirees TaxPack 2007* if in 2006–07 you received:

- a foreign pension or annuity from which tax had been taken and for which you want to claim a foreign tax credit
- a foreign pension or annuity in relation to which you have incurred interest or other debt deductions for which you wish to claim a deduction, or
- a lump sum foreign pension payment for an earlier year.

See **Other ways to prepare your tax return** on page 2 for alternative ways to prepare your tax return.

Most foreign pensions and annuities are taxable in Australia, even if tax has been taken from your payment by the country that paid you. If you are unsure whether your pension or annuity is taxable in Australia, or whether your pension or annuity is subject to an agreement (see **Note** below), phone the Personal Infoline (see the inside back cover).

#### NOTE

If you are a temporary resident you will not need to show foreign pensions or annuities. Refer to page 16 for the definition of a temporary resident and the details of the exemption.

If the country paying your pension or annuity has taken tax from your payment, and the pension or annuity is also taxable in Australia, you may be able to claim a foreign tax credit if you are not entitled to seek a refund of the foreign tax paid from the country that paid you. This refund may follow under the terms of an agreement between Australia and that country to prevent double taxation. If you want to claim a credit for foreign tax you have paid, **you cannot complete your tax return using *Retirees TaxPack 2007***. See **Other ways to prepare your tax return** on page 2 for other ways to prepare your tax return.

#### QUESTION *Do you need to convert your foreign pension or annuity into Australian dollars?*

**ANSWER** You must convert all of your foreign pension or annuity income into Australian dollars. If your foreign pension or annuity is converted into Australian currency when it is paid into your bank account, the easiest way to do this is to add up those converted payments shown in your passbook or bank statement.

If you cannot do this, use the foreign income conversion calculator on our website or phone the Personal Infoline to find out the correct exchange rates.

#### COMPLETING THIS ITEM

**STEP 1** You must add the amount of foreign tax paid, if any, to the amount of pension or annuity you received. The answer is the gross amount of foreign pension or annuity you received. Write the gross amount at **E** item **3** on your tax return. Do not show cents.

**STEP 2** Take away the amount of any deductible expenses (other than interest or debt deductions) you incurred in relation to your gross foreign pension or annuity. Deductible expenses include expenses such as bank fees and phone calls to your fund. The amount remaining is called your **net taxable foreign pension or annuity**.

Do not take away any deductible amount of undeducted purchase price (UPP).

If your pension or annuity has a deductible amount of UPP, you may be able to reduce the amount of pension or annuity that you will pay tax on. Read question **15** on pages 45–6 for further information.

If your pension or annuity never had a UPP, go to step 3. If your pension or annuity has or had a UPP, go to step 4 on the next page.

#### **Net foreign pension or annuity WITHOUT an undeducted purchase price**

**STEP 3** Write the amount of your net taxable foreign pension or annuity without a UPP at **L** item **3**. Do not show cents. Your tax return will already have the correct code printed in the **CODE** box at item **3**. See **example 1** on the next page.

**EXAMPLE 1**

Lucy receives a foreign pension. She had no deductible expenses in relation to this pension and her pension has no undeducted purchase price (UPP) entitlement. Each month's payments were converted into Australian dollars and paid into her bank account. To work out how much overseas pension she received, Lucy adds up the amounts paid in each month and finds they total \$5,675.

Lucy fills in item **3** on her tax return like this:

<b>3 Foreign source pension or annuity income</b>	Net foreign pension or annuity income WITHOUT an undeducted purchase price	L	5	6	7	5	.00	CODE P BOX
	Net foreign pension or annuity income WITH an undeducted purchase price	D					.00	
	Assessable foreign source income	E	5	6	7	5	.00	

**Net foreign pension or annuity  
WITH an undeducted purchase price**

**STEP 4** Write the amount of your net taxable foreign pension or annuity with a UPP at **D** item **3**. Do not show cents. See **example 2** below.

**EXAMPLE 2**

Gino receives an Italian pension and incurred no deductible expenses. He has converted his pension income into Australian dollars, and the amount is \$6,730.

Gino is also entitled to claim a UPP deduction at item **15**.

Gino fills in item **3** on his tax return like this:

<b>3 Foreign source pension or annuity income</b>	Net foreign pension or annuity income WITHOUT an undeducted purchase price	L					.00	CODE P BOX
	Net foreign pension or annuity income WITH an undeducted purchase price	D	6	7	3	0	.00

## QUESTION 4

4

### SALARY, WAGES, ALLOWANCES, EARNINGS ETC

4

#### Did you receive any income from working, whether or not it is shown on a PAYG payment summary – individual non-business?

This income might include:

- payments of salary, wages, commissions, bonuses etc, including income earned from part-time and casual jobs
- allowances
- jury attendance fees
- tips, gratuities and payments for your services
- consultation fees and payments for voluntary services (honoraria).

**NO**  Go to question 5.

**YES**  Read below.

#### STOP

Do not show the following payments at this item:

- Australian Government pensions, allowances and payments. These are dealt with at question 1
- other Australian pensions or annuities. These are dealt with at question 2
- total reportable fringe benefits amounts. These are dealt with at question 6.

You **cannot use** *Retirees TaxPack 2007* to complete your tax return if:

- you received payment summaries other than the *PAYG payment summary – individual non-business*, or
- you wish to claim any work-related expenses.

See **Other ways to prepare your tax return** on page 2 for alternative ways to prepare your tax return.

#### QUESTION Was tax withheld from your payments of salary or wages, allowances or other earnings?

**ANSWER** If you had tax withheld from your payments of salary or wages, allowances or other earnings during 2006–07, your payer will send you a payment summary showing how much income you earned and how much tax was withheld from your earnings.

#### NOTE

- Employers are payers.
- Employees are payees.

#### Late, lost or wrong payment summaries

If your payer has not sent your payment summary to you, if the details on it are wrong or if you have lost it, contact your payer and ask them for the original documents, a signed copy, or a letter or statement showing the correct details.

If your payer is unable to provide you with these documents, you will need to complete *Statutory declaration* (NAT 4135), available from the Tax Office, and keep it with your taxation records. You will need a separate statutory declaration for each payer from whom you have no documents.

The statutory declaration identifies the categories of information you need to show on your tax return, such as the period or periods of employment covered by your missing documents, the amounts of tax withheld and the amount of gross payments of salary or wages you earned.

To find out how to get the statutory declaration, see the inside back cover.

#### NOTE

You no longer need to attach payment summaries (or statutory declarations in respect of missing payment summaries) to your tax return, other than those for eligible termination payments. Generally you must keep your payment summaries and statutory declarations for five years (see **Keep your records** on page 11).

#### COMPLETING THIS ITEM

**STEP 1** Write the total amount of tax withheld from payments of salary or wages, allowances or other earnings at the left of **C** item 4 on your tax return. Do not include any amounts already shown on your tax return. Do not show cents.

**STEP 2** Add up all your gross amounts of salary or wages, allowances or other earnings. Do not include amounts already shown on your tax return. Include all allowances and earnings you received, whether or not they are shown on a payment summary.

**STEP 3** Write the total at **C** item 4. Do not show cents.

## EXAMPLE

Ling worked part time in her daughter's clothing shop in 2006–07. She earned \$1,200 and had \$300 tax withheld.

She also volunteered to do the books of her grandson's pre-school for \$150, based on \$15 per hour. No tax was withheld from this payment.

Ling fills in item 4 on her tax return like this:

<b>4</b> <b>Salary, wages, allowances, earnings etc</b>	Tax withheld – do not show cents □ □ , 3 0 0 . 00	<b>C</b> □ 1 , 3 5 0 . 00
---	--	---------------------------

## QUESTION 5

5

### TOTAL TAX WITHHELD

5

INCOME

#### ▶ COMPLETING THIS ITEM

**STEP 1** Add up all the amounts in the tax withheld boxes at items **1**, **2** and **4** on page 2 of your tax return.

**STEP 2** Write the total amount at **\$** item **5 TOTAL TAX WITHHELD** on your tax return. Go to question **6**.

5

**TOTAL TAX WITHHELD**

\$   ,    .00

← Add up all the amounts in the tax withheld column – items 1, 2 and 4.

#### ⚠ PAY AS YOU GO (PAYG) INSTALMENTS

You do not need to show instalments made under the PAYG instalments system anywhere on your tax return. The amounts are credited automatically in your assessment.

To ensure you are credited with the correct amount, make sure you lodge all your activity statements before you lodge your tax return. You should lodge any outstanding activity statements even if you have paid your instalments, or have nothing to pay.

## QUESTION 6

6

### TOTAL REPORTABLE FRINGE BENEFITS AMOUNTS

#### Do you have a reportable fringe benefits amount shown on a PAYG payment summary – individual non-business?

NO  Go to question 7.

YES  Read below.

You need to complete this item if you and/or an associate received certain fringe benefits and any payment summaries provided by your employer showed a **reportable fringe benefits amount**.

Your employer has to keep records of the value of any fringe benefits given to you and/or your associate, but only needs to show the fringe benefits on your payment summary if their taxable value exceeds \$1,000 in the fringe benefits tax (FBT) year (1 April 2006 to 31 March 2007).

Additionally, for tax return purposes, your employer has to gross up the taxable value of the fringe benefits to ensure their value is comparable with other forms of income on your payment summary. As you do not pay income tax on fringe benefits, the grossed-up taxable value of a benefit reflects the gross salary you would have to earn to purchase the benefit from after-tax dollars.

The highest marginal rate of income tax plus Medicare levy is used to gross up your fringe benefits, so a fringe benefit having a taxable value of \$1,000.01 becomes a **reportable fringe benefits amount** of \$1,869. Therefore, if your payment summary shows a reportable fringe benefits amount of less than \$1,869 you will need to check with your employer about the amount or the method of calculating the amount.

The total amount of reportable fringe benefits that you show on your tax return is not included in your total income or loss amount and you do not pay income tax or Medicare levy on it.

However, it will be used in determining your entitlement to or liability for:

- Medicare levy surcharge
- Super Co-contributions
- mature age worker tax offset
- Higher Education Loan Programme repayments, and
- certain government benefits.

#### ➤ MORE INFORMATION

You can find more information in *Reportable fringe benefits – facts for employees* (NAT 2836). This publication is available on our website or to find out how to get a printed copy, see the inside back cover.

#### ➤ COMPLETING THIS ITEM

**STEP 1** Add up the **reportable fringe benefits amounts** shown on your payment summaries.

**STEP 2** Write the total at **W** item **6** on your tax return. Do not show cents. Do not show an amount at **W** that is less than \$1,869.

## QUESTION 7

7

### GROSS INTEREST

7

INCOME

#### Did you receive, or were you credited with, interest from any source within Australia?

**NO**  Go to question 8.

**YES**  Read below.

#### **STOP**

You **cannot use** *Retirees TaxPack 2007* to complete your tax return if you received or were entitled to receive distributions of interest from a partnership or trust. 'Trust' includes:

- cash management trust
- money market trust
- mortgage trust
- property trust
- unit trust
- other similar trust investment products.

If you had such distributions see **Other ways to prepare your tax return** on page 2 for alternative ways of preparing your tax return.

You need to include all the interest you received from:

- interest-bearing accounts – such as savings and passbook accounts – with banks, credit unions and building societies
- cash management accounts and cheque accounts
- term deposits or fixed deposits.

Include any interest you received from or were credited with by the Tax Office.

#### **Deemed interest**

We are only concerned with the interest you actually received or were credited with, not what Centrelink or the Department of Veterans' Affairs deemed you to have received from your investments.

#### **Children's and grandchildren's accounts**

If you opened or operated an account for a child or grandchild and the funds in that account belonged to you, or you spent or used the funds in the account as if they belonged to you, you must include any interest from the account at this item.

➤ *Taxation Ruling IT 2486 – Income tax: children's savings accounts* has more details. This publication is available on our website or to find out how to get a printed copy, see the inside back cover.

#### ➤ **COMPLETING THIS ITEM**

**STEP 1** Using your records, add up all the amounts of gross interest you received or that were credited to you. You do not have to show an amount if the total gross interest you earned from all accounts during the year was less than \$1.

Remember to show only your share of any interest from joint accounts. Joint account interest is generally split equally between account holders. If it is not, keep a record to show how you worked out your share.

The gross interest amount you show at this item must include any tax file number (TFN) amounts. These are amounts of tax withheld by the financial institution because you did not quote your TFN to the institution. They will be shown in your passbook, statements or other financial records as Commonwealth tax or TFN withholding tax.

Do not deduct account-keeping fees and charges from your gross interest amount. You may be able to claim these at item **12 Interest and dividend deductions**.

**STEP 2** Write your gross interest at **L** item 7 on page 2 of your tax return. Do not show cents.

**STEP 3** Add up all the TFN amounts withheld from gross interest shown on your statement and take away any TFN amounts already refunded to you. These will also be shown on your statements or passbooks from banks or other financial institutions.

**STEP 4** Write the answer from step 3 at **M** item 7. Remember to show cents. This amount will be credited to you on your notice of assessment.

## QUESTION 8

8

### DIVIDENDS

8

INCOME

**Did an Australian company (including a listed investment company), corporate unit trust or public trading trust pay, or credit you with, any dividends or distributions?**

NO  Go to question 9.

YES  Read below.

#### STOP

You cannot complete your tax return using *Retirees TaxPack 2007* if:

- you received, or were entitled to receive, dividends that were part of a distribution from any of the following trusts (check your distribution statement): a cash management trust, money market trust, mortgage trust, unit trust or managed fund such as a property trust, share trust, equity trust, growth trust, imputation trust, balanced trust or similar trust investment product
- you received distributions from a partnership, including a corporate limited partnership
- you received amounts from a private company that are treated as dividends
- you have amounts that are treated as dividends because of a payment, loan or a debt forgiveness by a trustee of a trust estate
- you received dividends from a foreign company, including dividends from a New Zealand company that had Australian franking credits attached.

See **Other ways to prepare your tax return** on page 2 for alternative ways to prepare your tax return.

Do not claim dividend expenses here. Claim them at item **12**.

#### YOU NEED TO KNOW

You need to show at this item all your assessable dividends including:

- those paid directly to you
- dividends applied under a dividend reinvestment plan
- dividends that are otherwise dealt with on your behalf
- bonus shares that qualify as dividends, and
- dividends paid to you by a listed investment company.

A dividend is assessable income in the year it was paid or credited to you. Your dividend statement should have the relevant date (often referred to as the payment date or date paid).

#### EXAMPLE 1

Jill received a dividend statement notifying her of a final dividend for the year ended 30 June 2006. The payment date shown on the dividend statement was 30 July 2006. Jill must include the amount of the dividend, as well as any franking credits, in her assessable income on her 2007 tax return.

#### Demerger dividends

Dividends paid under a demerger are generally not assessable dividends (that is, you do not have to pay tax on them). Do not show demerger dividends at this item unless you are advised by the company that they are assessable.

 Find out more about demergers in *You and your shares 2007* (NAT 2632–6.2007). This publication is available on our website or to find out how to get a printed copy, see the inside back cover.

#### Imputation system

Dividends that Australian resident companies pay their shareholders are taxed under a system known as 'imputation'. It is called an imputation system because the tax the company pays is imputed or attributed to the shareholders. The tax paid by the company is allocated to shareholders by way of franking credits attached to the dividends they receive.

You include an amount equal to the franking credits attached to your dividends in your assessable income. Then we can calculate the correct amount of tax and Medicare levy. You are also entitled to a franking tax offset equal to the amount included in your income (there are some exceptions to this rule, see **Franking credit trading – qualified persons** on the next page). The franking tax offset will be used to cover, or partly cover, the tax payable on the dividends.

If the tax offset is more than the tax payable on the dividends, the excess tax offset will be used to cover, or partly cover, any tax payable on other taxable income you received.

If there is any tax offset amount left over after that, we refund that amount to you.

Some situations are **not** covered by the imputation system and the tax paid by the company is not allocated to shareholders by way of franking credits. Franking credits do not attach to the following dividends:

- dividends where you engaged in franking credit trading and failed to satisfy the 'holding period rule' or the 'related payments rule' (see below)
- dividends to the extent that you are denied a franking tax offset because you had exceeded the small shareholder franking tax offset ceiling contained in the franking credit trading rules
- demerger dividends.

### Franking credit trading – qualified persons

Measures designed to curb the unintended use of franking tax apply to people who do not effectively own the shares or who only own the shares briefly. Under these measures, known as the 'holding period rule' and the 'related payments rule', you must satisfy certain criteria before you qualify for franking tax offsets. In other words, only qualified people are able to get the benefit of the franking credits attached to their dividends. These measures address the issue of franking credit trading.

The **holding period rule** applies to shares bought on or after 1 July 1997. It will apply to you if you sold shares within 45 days of buying them. It also applies if you entered into a risk diminution arrangement, such as a derivative transaction, within that time. The holding period is 90 days for certain preference shares.

The **related payments rule** applies to arrangements entered into after 7.30pm (Australian Eastern Standard Time) on 13 May 1997. It will apply to you if you were under an obligation to make a related payment for a dividend and you did not hold your shares 'at risk' during a specified qualifying period.

If you failed to satisfy the holding period rule and the related payments rule did not apply to you, you may still be entitled to a franking tax offset if you qualify for the small shareholder exemption. The **small shareholder exemption** applies provided that you do not exceed the franking tax offset limit of \$5,000 on all of your franking tax offset entitlements in a given year, whether you received them directly or indirectly (such as through a trust or partnership). Phone the Personal Infoline (see the inside back cover) for more information.

➤ If any of these measures are likely to affect you, read *You and your shares 2007*.

### ! NOTE

If you have a franking credit but do not have to lodge a tax return, see the information about franking credits under **Other reasons** on page 3. You can claim your refund on a shorter form included in the publication *Refund of franking credits instructions and application for individuals 2007* (NAT 4105–6.2007).

### QUESTION *What are unfranked dividends?*

**ANSWER** Unfranked dividends are paid by an Australian resident company that has not already paid Australian company tax. If your dividend was unfranked, you are not entitled to a franking tax offset. You must include the unfranked dividend in your assessable income at **S** item **8** on your tax return.

### ! NOTE

If your dividend statement shows that your unfranked dividend was paid out of conduit foreign income, you must still include this amount as unfranked dividend income.

### QUESTION *What if you have not quoted your tax file number (TFN) to the investment body and you have received an unfranked dividend?*

**ANSWER** If you did not quote your TFN to your investment body for shares or units held, the investment body may have withheld tax from your unfranked dividends at the highest rate plus the Medicare levy, a total of 46.5%.

If TFN amounts were withheld from your unfranked dividends, these amounts will be shown on your dividend statement. You can claim a credit for any TFN amounts withheld at **V** item **8** on your tax return.

If you have received a refund of some or all of the TFN amounts withheld, you cannot claim a credit for these amounts.

The company, corporate unit trust or public trading trust that paid you the dividends or made the distributions will provide you with a statement.

The statement will show:

- the amount of unfranked and franked dividends you received
- the amount of franking credit – which the company has already worked out and allocated to the dividend or distribution, and
- the amount of tax withheld from unfranked dividends – called 'TFN amounts withheld'.

If you have not received your dividend or distribution statements, contact the company, corporate unit trust or public trading trust that paid or credited you with the dividends or distributions.

**NOTE**

Show only your share of any dividends that were paid or credited to you. For example, if you and another person owned the shares in your joint names, show only your portion of the dividend income on your tax return.

**COMPLETING THIS ITEM**

**STEP 1** Add up all the unfranked dividend amounts shown on your statements, including any tax file number (TFN) amounts withheld. Write the total amount at **S** item **8** on your tax return. Do not show cents.

**STEP 2** Add up all the franked dividend amounts shown on your statements. Write the total amount at **T** item **8**. Do not show cents.

**STEP 3** Add up all the allowable franking credit amounts shown on your statements. Do not include any franking credits for which you were not entitled to a franking tax offset because of the application of the holding period rule or the related payments rule or because you exceeded the small shareholder exemption limit.

Write the total amount at **U** item **8**. Do not show cents.

**STEP 4** Add up any TFN amounts withheld that have not been refunded to you.

Write the total amount at **V** item **8**. Remember to show cents. This amount will appear as a credit on your notice of assessment.

**EXAMPLE 2**

Yuan had shares in MPG Ltd, HYY Ltd and HPT Ltd. He did not give HPT his tax file number.

Yuan's dividend statement from MPG Ltd showed a \$70 fully franked dividend and a \$30 franking credit.

His dividend statement from HYY Ltd showed a \$120 unfranked dividend.

His dividend statement from HPT Ltd showed a \$100 unfranked dividend and \$46.50 in TFN amounts withheld. Yuan received \$53.50 from HPT.

On his working papers, Yuan adds up his income like this:

Company	Unfranked	Franked	Franking credit	TFN amounts withheld from dividends
MPG Ltd		\$70	\$30	
HYY Ltd	\$120			
HPT Ltd	\$100			\$46.50
<b>Total</b>	<b>S</b> \$220	<b>T</b> \$70	<b>U</b> \$30	<b>V</b> \$46.50

Yuan fills in item **8** on his tax return like this:

## ! RECORD KEEPING

Did you:

- purchase or inherit any shares
- receive any shares as part of a divorce settlement or as a gift or donation
- receive ownership interests under a demerger, or
- participate in a dividend reinvestment plan?

If you did, start keeping or updating your records now. Incomplete records could mean paying more tax than you need to when you dispose of your shares.

➤ For more information about shares and other assets that attract capital gains tax, including what records you need to keep, see the *Guide to capital gains tax 2007* (NAT 4151–6.2007). This publication is available on our website or to find out how to get a printed copy, see the inside back cover.

## QUESTION 9

9

### CAPITAL GAINS

#### STOP

If you received a distribution of a capital gain from a trust, including a managed investment fund in 2006–07, **you cannot complete your tax return using *Retirees TaxPack 2007*** – see **Other ways to prepare your tax return** on page 2 for alternative ways to prepare your tax return.

#### Did you have a capital gains tax event during the year?

You may have made a capital gain or capital loss if what is called a ‘CGT event’ happened in 2006–07. ‘CGT’ stands for capital gains tax. See the box on the right for an explanation of CGT event.

For most CGT events, you have made:

- a **capital gain** if the amount of money and property you received – or were entitled to receive – from the CGT event was more than the cost base of your asset. You may have to pay tax on your capital gain
- a **capital loss** if the amount of money and property you received – or were entitled to receive – from the CGT event was less than the reduced cost base of your asset.

**You cannot deduct a capital loss from your income**, but in most cases it can be used to reduce any capital gain you made in 2006–07 – see the note at **Completing this item** step 3 on page 34.

Some capital gains and capital losses are disregarded – see **Exceptions and exemptions** in the next column.

- NO**  Print **X** in the **NO** box at **G** item **9** on your tax return if:
- you did not have a capital gain or capital loss, or
  - all of your capital gains or capital losses were disregarded. Go to **Did you have any unapplied net capital losses from earlier years** on page 34 to find out how to complete this item.

- YES**  Print **X** in the **YES** box at **G** item **9** on your tax return if you had either a capital gain or a capital loss that was not disregarded. Read on to work out your net capital gain or net capital loss.

#### NOTE

Any capital gains or capital losses you may have made from foreign sources are shown at this item. However, if foreign tax was paid on the foreign capital gain, **you cannot use *Retirees TaxPack 2007*** – see **Other ways to prepare your tax return** on page 2 for alternative ways to prepare your tax return.

#### YOU NEED TO KNOW

##### ! CGT EVENTS AND CGT ASSETS

There is a wide range of CGT events. The most common CGT event happens when you sell or give away a CGT asset, such as:

- real estate – including your family home, a holiday home, investment property, vacant block of land or hobby farm
- shares
- units in a unit trust or managed investment fund
- collectables – for example, jewellery
- personal use assets.

Examples of other CGT events are:

- an asset you owned was lost or destroyed
- you received an amount for entering into an agreement – for example, you agreed not to work in a particular industry for a set period of time
- you entered into a conservation covenant over land that you owned
- you received a non-assessable payment from a trust or company.

If you are unsure whether a CGT event happened in 2006–07, refer to **Appendix 1: Summary of CGT events** in the *Guide to capital gains tax 2007* (NAT 4151–6.2007).

#### Exceptions and exemptions

Generally speaking, you **disregard** a capital gain or capital loss on:

- an asset you acquired before 20 September 1985
- cars, motorcycles and similar vehicles
- compensation you received for personal injury
- disposal of your main residence
- a collectable – for example, an antique or jewellery – if you acquired it for \$500 or less
- a personal use asset – for example, items such as boats, furniture, electrical goods and household items used or kept mainly for personal use or enjoyment. If you acquired it for more than \$10,000, you only disregard capital losses. If you acquired it for \$10,000 or less, you disregard both capital gains and capital losses
- the exchange of shares you owned in a company that was taken over if certain conditions were met
- shares in a company or interests in a trust where there had been a demerger and certain conditions had been met.

## **STOP**

Do not show a 'listed investment company (LIC) capital gain amount' included in a dividend paid by a LIC at this item. Refer to question **12 Interest and dividend deductions**.

### **Did you dispose of shares, stapled securities or rights acquired under an employee share scheme?**

The amount of the capital gain may be reduced if your shares, stapled securities, rights or options were acquired under an employee share scheme. For more information, read *Employee share schemes – answers to frequently asked questions by employees* on our website.

### **Did you make a capital gain or capital loss on your shares?**

You may make a capital gain or capital loss by selling or giving away your shares, including by selling them to the company under a share buy-back arrangement. There are other ways of making a capital gain or capital loss on shares. These include:

- If you held shares in a company and during 2006–07 a liquidator or administrator declared these shares worthless, you can choose to claim a capital loss equal to the reduced cost base of the shares (otherwise you may have to wait until the company is dissolved to claim the capital loss).
- If you received a non-assessable payment – also known as a return of capital – you may have to reduce the cost base and reduced cost base of your shares. If the amount of the non-assessable payment is more than the cost base of the shares, the difference is a capital gain.

Even if you didn't pay for your shares – for example, you received them under a demutualisation – you may make a capital gain or capital loss when you sell or give them away.

Also, if you use dividends to acquire additional shares in a company – for example, through a dividend reinvestment plan – the additional shares are subject to capital gains tax (CGT).

Fact sheets on some major share transactions affecting shareholders are available on our website.

### **Did you sell a property you inherited?**

Capital gains tax applies when you dispose of CGT assets that you inherited. However, if you inherited real estate, you may not have to pay CGT if you sold it within two years of the person's death – for example, if the property was the deceased person's main residence just before they died and they weren't renting part of it out or using part of it for business purposes.

For more information, read the *Guide to capital gains tax 2007*.

### **Your home may be subject to capital gains tax**

Under the 'main residence' exemption, you generally do not have to pay CGT on the disposal of your main residence. However, you may have to pay tax on some of your capital gain if:

- the property was not your main residence for the whole period you owned it
- you used the property, or part of it, to produce assessable income, for example, you rented it out
- the land area was greater than two hectares.

For more information, read the *Guide to capital gains tax 2007*.

### **Asset transfer on marriage breakdown**

If you transferred an asset to your spouse as a result of a marriage breakdown, in certain cases there are no immediate CGT consequences. In these cases there is automatic rollover (you cannot choose whether or not it applies).

However, the one who receives the asset (the transferee spouse) will usually make a capital gain or capital loss when they dispose of the asset. If you were the transferee spouse and rollover applies, you may need to get cost base information from your former spouse or their tax adviser.

For more information, read the *Guide to capital gains tax 2007*.

### **Temporary residents**

If you are a temporary resident you may not need to show your foreign and some Australian gains and losses at this item. See page 16 for the definition of a temporary resident and details of the exemption. For more information, read the *Guide to capital gains tax 2007* or visit our website.

### **WHAT YOU MAY NEED**

- Details of the amount of any unapplied net capital losses from earlier years – this is the amount at **V** at the capital gains item on your last year's tax return
- Documents showing the date you acquired any asset to which a CGT event happened, the date of the CGT event, and the date and amounts of any expenditure you incurred that form part of the cost base and reduced cost base of the asset or are taken into account in working out your capital gain or capital loss

You may also need one or more of the following publications:

- *Introduction to capital gains tax*. This explains what capital gains tax is, how it applies, what assets are included and the exceptions and exemptions. (This publication is only available on our website.)

- *Guide to capital gains tax 2007*. This explains how capital gains tax (CGT) works and will help you to calculate your net capital gain or net capital loss. It covers issues such as the sale of a rental property, vacant land, a holiday home, collectables (for example, jewellery), or personal use assets (for example, a boat you use for recreation) and real estate, shares and units you inherited or got from the breakdown of your marriage
- *Personal investors guide to capital gains tax 2007* (NAT 4152–6.2007) is shorter and simpler than the *Guide to capital gains tax 2007*. It covers the sale, gift or other disposal of shares and units and non-assessable payments from companies and managed funds. It does not cover CGT consequences for bonus shares, shares acquired under an employee share scheme, bonus units, rights and options, and shares and units where a takeover or demerger has occurred – you will need to refer to the *Guide to capital gains tax 2007*.

These publications are available on our website or to find out how to get a printed copy, see the inside back cover.

## ▶ COMPLETING THIS ITEM

**STEP 1** Read the publication that is relevant to your circumstances and work out the amount of your capital gain or capital loss for each CGT event that occurred for the 2006–07 income year.

**STEP 2** Add up all your capital gains for the 2006–07 income year (except the ones that are disregarded) to work out your total current year capital gains. Do not apply capital losses or any CGT discounts yet. Write this amount at **H** item **9** on your tax return.

**STEP 3** Work out your net capital gain. This is the amount remaining after applying to your current year capital gains whichever of the following items are relevant to you (in the order listed):

- capital losses from this year
- unapplied net capital losses from earlier years, and
- any CGT discounts.

You must follow this order to get the correct result. The more detailed steps listed in the relevant publication will assist you (see **What you may need** on the previous page).

If you have capital losses to apply, you will find it to your advantage to apply them first to any capital gains that do not qualify for the CGT discount.

If the total amount remaining is positive or zero, write it at **A** item **9** on your tax return. Read **Keeping records from the start** below, then go to question **10**.

If you have a negative amount, **do not put anything at A** – go to step 4.

### ! NOTE

You can only use capital losses from collectables to reduce capital gains from collectables. You must disregard capital losses from personal use assets.

**STEP 4** You have net capital losses to carry forward to later income years – write the amount at **V** item **9** on your tax return. Read **Keeping records from the start** below, then go to question **10**.

### Did you have any unapplied net capital losses from earlier years?

You can use net capital losses from earlier years that you have not yet used to reduce a capital gain in later years.

**NO**  Go to question **10**.

**YES**  Read below.

You have net capital losses from earlier years that are carried forward to later income years – write the amount at **V** item **9** on your tax return.

### ! KEEPING RECORDS FROM THE START

Keeping records of all expenditure related to your CGT assets will help you work out the correct amount of capital gain or capital loss you have made when a CGT event happens to any of these assets.

You need a record of every act, transaction, event or circumstance that may be relevant to working out your capital gain or capital loss – regardless of whether the CGT event has already happened, is about to happen or will happen in the future.

You must keep those records for five years from the time when no CGT event or further CGT event can happen. The records for those CGT events may be relevant to working out whether you have made a capital gain or capital loss from the event.

## QUESTION 10

# 10

### TOTAL INCOME

#### You have now reached the end of the Income section.

Before adding up your income amounts from items **1** to **9**, please note the following:

- The more common types of exempt income are listed on pages 15–16.
- You must have shown all of your income for tax purposes. The *Taxpayer's declaration* on page 6 of your tax return will require you to sign that this is true.
- If you still have income that you have not included at any item and it is not exempt income, you will need to go back through the Income section and include it. If your type of income is not shown in *Retirees TaxPack 2007* you may need to use *TaxPack 2007*. See page 7 for what are included in *TaxPack 2007* and *TaxPack 2007 supplement*. If you are in any doubt, phone the Personal Infoline (see the inside back cover).
- If you have not been able to complete one or more of items **1** to **9** because you do not have all the documents you need to work out the right amount, do not complete this section yet.

You have until 31 October 2007 to lodge your tax return, unless a registered tax agent prepares it for you.

You should not lodge your tax return until it is complete.

If you think you are likely to be missing information on 31 October, ask us if you can lodge at a later date. Information on page 12 tells you how.

#### ▶ COMPLETING THIS ITEM

**STEP 1** Add up all the income amounts in the right-hand column of items **1** to **9** on your tax return.

**STEP 2** Write your answer from step 1 at item **10 TOTAL INCOME** on page 2 of your tax return. Do not show cents.

## QUESTION 12

### INTEREST AND DIVIDEND DEDUCTIONS

# 12

**12****DEDUCTIONS**

#### Did you have:

- **expenses that you can claim as deductions against assessable interest and dividend income, or**
- **a 'listed investment company (LIC) capital gain amount' included in a dividend received from a LIC?**

Your expenses might include:

- account-keeping fees
- management fees
- interest charged on money borrowed to purchase shares.

You can claim a deduction if you are able to show that you incurred the expenses in earning interest and dividend income.

**NO**  Go to question **13**.

**YES**  Read below.

#### Account-keeping fees

Some financial institutions charge account-keeping fees. You can claim for these fees where the account was held for investment purposes – for example, a cash management account. You will find these fees listed on your statements or in your passbooks.

If you were not the sole holder of an account you can only claim your share of fees, charges or taxes on the account. For example, if you held an equal share in an account with your spouse, you can only claim half of any allowable account-keeping fees paid on that account.

#### Other deductions

You can claim interest incurred on money borrowed to purchase shares and other related investments from which you derived assessable interest or dividend income.

If you used the money you borrowed for both private and income-producing purposes, then you must apportion the interest between each purpose. Only the interest incurred for an income-producing purpose is deductible.

Under the *Tax Laws Amendment (2006 Measures No. 7) Act 2007* some interest on borrowings for shares, units in unit trusts, and stapled securities, which is attributable to capital protection under a capital protected borrowing is not deductible, and is treated as a payment for a put option. For more information, visit our website at [www.ato.gov.au](http://www.ato.gov.au)

You can claim ongoing management fees, retainers and amounts paid for advice relating to changes in the mix of investment.

You **cannot claim**:

- a fee charged for drawing up an investment plan unless you were carrying on an investment business, or
- a fee paid to an investment adviser for drawing up an initial investment plan which includes pre-existing investments.

You may also be able to claim a portion of other costs if you incurred them in managing your investments. Such costs would include the cost of specialist investment journals or subscriptions, borrowing costs, the cost of internet access and a capital allowance for the decline in value of your computer.

 For more information, read *You and your shares 2007*. This publication is available on our website or to find out how to get a printed copy, see the inside back cover.

#### Thin capitalisation

If you have debt deductions such as interest, your claims may be affected by the thin capitalisation rules. These rules may apply if you are an Australian resident for tax purposes and you (or any associate entities) have certain overseas interests, or you are a foreign resident with operations or investments in Australia, and your debt deductions (combined with those of your associate entities) for 2006–07 are more than \$250,000. If you are a foreign resident the threshold applies in respect of debt deductions against Australian assessable income. More information is available on our website.

#### Deduction for 50% of a LIC capital gain amount

If you were an Australian resident when a LIC paid you a dividend that included a LIC capital gain amount, you can claim a deduction of 50% of that capital gain amount. The LIC capital gain amount will be shown separately on your dividend statement.

## ▶ COMPLETING THIS ITEM

**STEP 1** Add up all your interest and dividend deductions and 50% of any listed investment company (LIC) capital gain amount.

**STEP 2** Write the total amount at **1** item **12** on page 3 of your tax return. Do not show cents.

**12**

DEDUCTIONS

### EXAMPLE

Matthew has three investment accounts with the ABC Bank, which he holds with his spouse. His 2006–07 bank statements show that account-keeping fees of \$140 have been charged on these accounts. Matthew can only claim his half of the account-keeping fees.

Matthew received a LIC dividend of which \$800 is a LIC capital gain amount. Matthew can claim a deduction for 50% of that capital gain amount.

Matthew fills in item **12** on his tax return like this:

**12** Interest and dividend deductions

# QUESTION 13

## GIFTS OR DONATIONS

# 13

13

DEDUCTIONS

### Did you make:

- a gift or donation of \$2 or more to an eligible organisation (an organisation that is eligible to receive tax-deductible gifts, see below)
- a contribution to an eligible organisation of more than \$250 in respect of a fund-raising event before 1 January 2007
- a contribution to an eligible organisation of more than \$150 in respect of a fund-raising event on or after 1 January 2007
- a contribution of \$2 or more to
  - a registered political party
  - an independent candidate in an election for parliament, or
  - an independent member of parliament

### OR did you:

- make an approved cultural bequest
- enter into a conservation covenant?

An **eligible organisation** is an organisation that is listed in the tax law, or has been endorsed by the Tax Office, as a deductible gift recipient, such as:

- certain organisations or charities which provide help in Australia
- an approved overseas aid fund
- a school building fund
- an approved environmental or cultural organisation.

**NO**  Go to question 14.

**YES**  Read below.

### YOU NEED TO KNOW

Generally, you cannot claim a deduction for a donation if you received something in return – for example, a pen or a raffle ticket (see **Deductions for contributions relating to fund-raising events** on this page for the exception to this rule).

You can claim deductions for donations made to prescribed private funds.

#### ! NOTE

If you do not know whether you can claim a deduction, see if the information is on the receipt for your donation. If not, check with the recipient. If you still do not know, you can check on [www.abn.business.gov.au](http://www.abn.business.gov.au) or phone the Personal Infoline (see the inside back cover).

### Deductions for contributions relating to fund-raising events

You can claim a deduction for contributions to eligible organisations that relate to certain fund-raising events where you receive a minor benefit for your contribution, provided that:

- the contribution meets certain conditions, and
- the benefit you received does not exceed a specified limit.

A fund-raising event includes a fete, ball, gala show, dinner, performance or similar event.

Subject to the conditions listed below, you can claim a deduction if you made:

- a contribution of money or property to attend or participate (or for the right to attend or participate) in a fund-raising event
- a contribution of money to purchase goods or services at a charitable auction at the fund-raising event (or the charitable auction was itself the fund-raising event).

If your contribution was made before 1 January 2007, it must meet the following conditions:

- it must have been made to an eligible organisation
- it must have been more than \$250
- if it was property, you must have either:
  - purchased it within 12 months of making the contribution, or
  - owned it for more than 12 months and the Australian Valuation Office (AVO) valued it at more than \$5,000 (see the second box on page 41)
- the fund-raising event was held in Australia, and
- the market value of the minor benefit you received for your contribution was worth no more than \$100 or 10% of the value of the contribution (whichever is less). The receipt from the eligible organisation will show the market value of the minor benefit you received.

#### ! NOTE

The contribution is the goods and services tax (GST)-inclusive amount.

If your contribution was made on or after 1 January 2007, it must meet the following conditions:

- it must have been made to an eligible organisation
- it must have been more than \$150
- if it was property, you must have either:
  - purchased it within 12 months of making the contribution, or

- owned it for more than 12 months and the Australian Valuation Office (AVO) valued it at more than \$5,000 (see the second box on page 41)
- the fund-raising event was held in Australia, and
- the market value of the minor benefit you received for your contribution was worth no more than \$150 or 20% of the value of the contribution (whichever is less). The receipt from the eligible organisation will show the market value of the minor benefit you received.

Your deduction is limited to the part of the contribution in excess of the market value of the minor benefit you received.

You can claim a deduction for up to two contributions that you make to attend or participate in the same fund-raising event.

Each successful bid at a fund-raising event is a single contribution. Provided the conditions are met, there is no limit to the number of deductions you can claim for the purchase of goods or services by way of successful bids.

### EXAMPLE

Steve and his partner attended a fund-raising event in August 2006. He contributed \$600 for the opportunity to attend the dinner and auction (\$300 each). The minor benefit (the dinner) he and his partner received was valued by the eligible organisation at \$30 per head (\$60 in total).

At the auction, Steve made four successful bids at \$70 each (\$280 in total). Steve cannot claim a deduction for these items because each contribution was not more than \$250.

Steve also made two successful bids at \$290 each (\$580 in total). Both items were valued at \$5 each (\$10 in total).

Steve can claim deductions for:

- \$540 (\$600 less the minor benefit [the dinner] of \$60)
- \$570 (\$580 for the two successful bids at \$290 each less the minor benefit of \$10)

Steve's total claim is **\$1,110**.

If the eligible organisation issues a receipt, it should state:

- the name and Australian business number (ABN) of the organisation
- that your contribution was made to attend the fund-raising event or for your purchases as a successful bidder at the charitable auction
- the contribution amount (if money), and
- the goods and services tax (GST)-inclusive market value of the minor benefit.

### Gifts of money

You can claim a deduction for the amount of money you have donated to an eligible organisation. You can elect to spread your deduction for this donation over five income years or less. You need to make the election in writing before lodging your tax return, setting out the percentage of the deduction you will claim in each year. You may make the election using the form on page 42.

### Workplace-giving program

If you made donations during the year to an eligible organisation through your employer's payroll system (known as 'workplace-giving'), you still need to record the total amount of your donations at this item.

Your payment summary or other form of advice from your employer, showing the donated amount, is sufficient evidence to support your claim for the deduction. You do not need to have a receipt from the recipient organisation.

### Donations and gifts to political parties and independent candidates and members

You can claim a deduction for contributions or gifts to registered political parties, independent members of parliament (state or Commonwealth) or independent candidates in an election for parliament. Contributions must be \$2 or more. The contribution or gift must be money, or property that you purchased during the 12 months before making the contribution or gift.

The maximum amount you can deduct in total for all your contributions or gifts to political parties during the year is \$1,500. A separate limit of \$1,500 applies in respect of the total deduction for all your contributions or gifts to independent candidates or independent members of parliament for the year.

The contribution to a political party must be to a registered political party under Commonwealth, state or territory electoral laws. A contribution to a political party can include membership fees.

The contribution to an independent candidate or independent member must be to a candidate for election to, or member of, the Commonwealth Parliament, or a state parliament, or the Legislative Assembly of the Northern Territory or the Australian Capital Territory.

An independent candidate is an individual whose candidature in an election for parliament is not endorsed by a registered political party. An independent member is a member of parliament who is not a member of a registered political party.

**! NOTE**

On 22 June 2006 the maximum amount you can claim for a contribution or gift to political parties, and to independent members and candidates increased from \$100 to \$1,500. If you contributed more than \$100 between 22 and 30 June 2006 and did not claim the full amount, you may be entitled to an amendment of your 2006 assessment. For more information on how to request an amendment, see **What if you made a mistake or you think your assessment is wrong?** on page 81.

**Gifts of property**

Under the general gift provisions you can claim a donation of property to an eligible organisation if:

- the property was purchased within 12 months of donating it, or
- the property was purchased more than 12 months before you donated it and the Australian Valuation Office (AVO) has valued it at more than \$5,000.

The amount deductible is the lesser of the market value of the property at the time of the donation and the amount you paid for the property.

You cannot claim a deduction for a donation of property if you did not purchase it (for example, you inherited or won the property) unless the AVO has valued it at more than \$5,000.

You can elect to spread the deduction for a donation of property which is valued by the AVO at more than \$5,000 over five income years or less. You need to make the election in writing before lodging your tax return for the income year in which you made the donation, setting out the percentage of the deduction you will claim in each year. You may make the election using the form on the next page.

**➤ AUSTRALIAN VALUATION OFFICE**

For more information about property valuations, phone the AVO on **(08) 8198 1900**, fax **(08) 8296 3398** or visit the AVO's website at **[www.avo.gov.au](http://www.avo.gov.au)**

**Cultural and environmental property gifts**

You can elect to spread the deduction for donations made under the Cultural Gifts Program and for environmental and heritage gifts (valued by the AVO) over five income years or less. You must lodge your election with the relevant department before you lodge your tax return.

**➤ INFORMATION**

For more information about:

- the Cultural Gifts Program and the election process, phone the Department of Communications, Information Technology and the Arts on **(02) 6271 1643**, email **[cgp.mail@dcita.gov.au](mailto:cgp.mail@dcita.gov.au)** or visit the department's website at **[www.dcita.gov.au/cgp](http://www.dcita.gov.au/cgp)**
- making donations to environmental and heritage organisations and the election process, phone the Department of the Environment and Water Resources on **(02) 6274 2436**, email **[reo@environment.gov.au](mailto:reo@environment.gov.au)** or visit the department's website at **[www.environment.gov.au/tax/reo/index.html](http://www.environment.gov.au/tax/reo/index.html)**

If, on or after 1 July 2002, you entered into a conservation covenant over land you owned, you may be entitled to claim a deduction if certain conditions were met. You can elect to spread the deduction over five years or less. The covenant needs to be either approved in writing by the Minister for the Environment and Water Resources or entered into under a program approved in writing by the minister.

**➤ INFORMATION**

For more information, phone the Department of the Environment and Water Resources on **(02) 6274 1111** and ask to speak to the relevant officer in the Natural Resource Management Policy Branch, email **[tax@environment.gov.au](mailto:tax@environment.gov.au)** or visit the department's website at **[www.environment.gov.au/tax/index.html](http://www.environment.gov.au/tax/index.html)**

If you are an executor or administrator of an estate, you can claim a deduction in the donor's final individual tax return for a cultural bequest that was made under the Cultural Bequests Program. If the value of the bequest reduces the donor's taxable income to nil, any excess value can be claimed on the first tax return of the estate. You need a certificate of approval issued to the donor by the Minister for Communications, Information Technology and the Arts during the 1998, 1999 or 2000 income years.

**➤ COMPLETING THIS ITEM**

**STEP 1** Add up the amounts of your eligible gifts, donations and contributions.

**! NOTE**

If you have been given more than one receipt or form of advice (for example, the charity you donated to and your employer have both provided written confirmation of your donations), make sure you claim the deduction for your donations only once.

**STEP 2** Write the total at **J** item **13** on your tax return. Do not show cents.

See below for information on spreading a deduction over five years.

### EXAMPLE

Siva donated \$5 to the Red Cross and was given a receipt. He gave \$10 to Vision Australia and in return received a pocket diary. Siva can claim only the \$5 donation to the Red Cross.

Siva fills in item **13** on his tax return like this:

**13** Gifts or donations

**J**   ,     5.00

### Spreading a deduction over five years

#### NOTE

This section does not apply to cultural, environmental or heritage gifts.

You can elect to spread your deduction over five years if it was a gift of property valued at more than \$5,000 by the Australian Valuation Office, or a gift of cash. The election is not available for donations and gifts to political parties and independent candidates and members.

You do not need to fill in the election if you wish to claim the full deduction amount in the year of the donation.

If you elect to spread your deduction you give up the right to claim the full deduction amount in the year you made the donation.

If you made a donation in conjunction with other donors and you elect to spread your share of the deduction, you must complete your own separate election and advise us of your percentage share in the donation.

You can vary your election at any time but only for years that you have not lodged a tax return.

Your election must:

- be made in writing, signed and dated
- be made before you lodge your tax return for the income year in which the donation of property was made, and
- state the percentage of the deduction you will claim in the income year the donation was made and for each year up to five years, the total of which cannot exceed 100% of the original deduction.

You must keep your election for five years from the date you lodge your tax return with the claim for your last apportionment. Do not attach it to your tax return or send it to us.

## QUESTION 14

### DEDUCTIBLE AMOUNT OF UPP OF AN AUSTRALIAN PENSION OR ANNUITY

14

14

DEDUCTIONS

#### Did you receive an Australian pension or annuity that has a deductible amount of undeducted purchase price (UPP)?

If you showed income from an Australian pension or annuity at item **2** on your tax return, you may be able to claim a deduction against the taxable amount of your pension or annuity income.

The UPP is the amount you contributed towards the purchase price of the pension or annuity for which you did not claim, and were not eligible to claim, a tax deduction.

**NO**  Go to question **15**.

**YES**  Read below.

#### STOP

If you are entitled to a deductible amount of the UPP for a foreign pension or annuity then claim this at item **15** on your tax return.

Australian Government pensions including pensions from Centrelink and the Department of Veterans' Affairs (DVA) listed at question **1** do not have a deductible amount.

#### YOU NEED TO KNOW

##### UPP of a pension or annuity

Your pension or annuity may have a UPP if:

- you received a superannuation pension and you were not entitled to claim a tax deduction for some or all of the personal contributions you made to your superannuation fund or retirement savings account
- you received a pension or annuity that reverted to you on the death of another person, or
- you received a pension or annuity that you bought with your own capital.

Each year, you deduct the part of your pension or annuity that represents a return to you of your personal contributions which were not claimed as a tax deduction from your taxable pension or annuity income. This tax-free part is called the deductible amount of the UPP, and it is usually calculated by dividing the UPP of your pension or annuity by a life expectancy factor determined according to life expectancy statistics.

#### NOTE

If you have taken any part of your pension or annuity as a lump sum or if there are changes to your pension or annuity due to, for example, commutation, divorce or re-marriage then the deductible amount may need to be recalculated.

#### COMPLETING THIS ITEM

If you already know your deductible amount (or you have more than one and you know them all), then write the deductible amount of your UPP at **L** item **14** on your tax return. Do not show cents.

#### NOTE

The deductible amount **cannot** be more than the pension or annuity to which it relates – the amount shown at item **2**.

If you have more than one deductible amount and do not know them all, write the deductible amounts that you do know and then read on.

If you do not know the deductible amount you can claim then:

- your payer may be able to tell you. Usually when you start to receive a pension or annuity, the payer will give you a copy of the details regarding your pension or annuity. Each year the payer may also give you some additional information which may include your deductible amount, with your payment summary
- the calculator on our website can help you work it out if your pension or annuity commenced after 1 July 2004, or
- you will need to complete the *Request for a determination of the deductible amount of UPP of an Australian pension or annuity* (NAT 16544). This form is available on our website or to find out how to get a printed copy, see the inside back cover. You will need to answer all the questions on the *Request for a determination of the deductible amount of UPP of an Australian pension or annuity* and provide the additional information required.

**We will address your request in the form of a private binding ruling (PBR) which is legally binding on the Commissioner.** We will process your tax return once the PBR is finalised.

If you do not know any of your deductible amounts, leave **L** item **14** blank.

**14**

Print **X** in the **YES** box at *Taxpayer's declaration* on page 6 of your tax return. Sign the *Request for a determination of the deductible amount of UPP of an Australian pension or annuity* and attach it to page 3 of your tax return.

If you need information or assistance with this question, phone our Superannuation Infoline (see the inside back cover).

## QUESTION 15

### DEDUCTIBLE AMOUNT OF UPP OF A FOREIGN PENSION OR ANNUITY

# 15

**15****DEDUCTIONS**

#### Did you receive a foreign pension or annuity that has a deductible amount of undeducted purchase price (UPP)?

**NO**  Go to question 16.

**YES**  Read below.

#### YOU NEED TO KNOW

##### UPP of a foreign pension or annuity

If you showed income from a foreign pension or annuity at **D** item 3 on your tax return, you may be entitled to claim a deduction to reduce the taxable amount of the pension or annuity income if your pension or annuity has a UPP. Only some foreign pensions and annuities have a UPP.

The UPP is the amount you contributed towards the purchase price of your pension or annuity – your personal contributions.

That part of your annual pension or annuity income which represents a return to you of your personal contributions is free from tax. This tax-free portion is called the deductible amount of the UPP, and it is usually calculated by dividing the UPP of your pension or annuity by a life expectancy factor, according to life expectancy statistics.

If you already know your deductible amount, go to **Completing this item** on the next page.

#### **!** CAUTION

If you are claiming a deduction at this item, check that you have shown your net foreign source pension or annuity income at **D** item 3 on your tax return.

##### British pensions

If you received a category A pension or a category B widows pension from the United Kingdom State (UK State) Pension (previously known as the British National Insurance Scheme), you are entitled to a UPP deduction. These pensions are paid from Newcastle-upon-Tyne.

One method of calculating your deduction is to multiply your UK State pension (in Australian dollars) by 8%. We accept this method and it generally results in the maximum deduction you are entitled to.

However, there is another method – the exact method. If you wish to find out about this method or you receive another type of British pension and you are not sure about a UPP entitlement, phone the Superannuation Infoline (see the inside back cover).

##### Dutch pensions

If you received an old age pension, or a widows, widowers or orphans pension from the Sociale Verzekeringsbank (SVB) under the Netherlands social insurance system and you can obtain all the necessary information to determine the deductible amount of your UPP, claim the amount you have worked out. If you cannot determine the deductible amount of your UPP, you can claim an annual deductible amount equal to 25% of your gross pension payment.

##### Italian pensions

If you received an Italian government pension, the Italian government authorities will send you an Article 10 letter (previously known as an Article 17 letter) each year giving you an estimate of the amount of pension you will receive, and the amount that you have contributed towards your pension.

If you are unable to work out your deductible amount, you will need to complete the *Request for a determination of the deductible amount of UPP of a foreign pension or annuity* (NAT 16543).

##### Austrian pensions

If you received an age, premature age, invalid, disability, widowed persons or orphans pension paid by an Austrian superannuation insurance fund under one of the Austrian social insurance Acts – Allgemeines Sozialversicherungsgesetz (ASVG), Gewerbliches Sozialversicherungsgesetz (GSVG) or Bauern-Sozialversicherungsgesetz (BSVG) – you are entitled to a deductible amount.

Where you have evidence of your actual contributions, actual monthly salary or you have received from the Austrian superannuation insurance fund a list of your insurance periods, you will need to complete the *Request for a determination of the deductible amount of UPP of a foreign pension or annuity*.

## German pensions

If you received a German pension you will need to provide a copy of the insurance resume (versicherungsverlauf) from the pension provider. You will need to contact the pension provider directly to obtain this information. When you have evidence of your employment history and the salary income that you earned at those dates, you will need to complete the *Request for a determination of the deductible amount of UPP of a foreign pension or annuity*.

## Pensions from another country

If you received a pension from another country, other than a British, Dutch, Italian, Austrian or German pension and you think you are entitled to claim an undeducted purchase price (UPP) deduction amount, complete the *Request for a determination of the deductible amount of UPP of a foreign pension or annuity*.

### ! NOTE

If you need to complete the new form *Request for a determination of the deductible amount of UPP of a foreign pension or annuity* and provide the additional information required, you can get it from our website, or to find out how to get a printed copy, see the inside back cover.

## ▶ COMPLETING THIS ITEM

Write the deductible amount of your UPP at **Y** item **15** on your tax return. Do not show cents.

If you do not know your deductible amount, leave **Y** item **15** blank, and complete the *Request for a determination of the deductible amount of UPP of a foreign pension or annuity* and provide the additional documentation required.

Print **X** in the **YES** box at *Taxpayer's declaration* on page 6 of your tax return. Sign the *Request for a determination of the deductible amount of UPP of a foreign pension or annuity* and attach it to page 3 of your tax return.

**We will address your request in the form of a private binding ruling (PBR) which is legally binding on the Commissioner.** We will process your tax return once the PBR is finalised.

If you need information or assistance with this question, phone our Superannuation Infoline (see the inside back cover).

# QUESTION 16

# 16

## COST OF MANAGING TAX AFFAIRS

16

DEDUCTIONS

### Did you have expenses:

- relating to managing your own tax affairs
- imposed by the Tax Office as an interest charge
- for complying with your legal obligations relating to another person's tax affairs?

NO  Go to question 17.

YES  Read below.

### QUESTION *What expenses relating to managing your own tax affairs can you claim?*

**ANSWER** You can claim the following expenses relating to managing your own tax affairs:

- preparing and lodging your tax return and activity statements – for example:
  - buying tax reference material
  - lodging your tax return through a registered tax agent
  - dealing with the Tax Office about your tax affairs
  - obtaining tax advice from a recognised tax adviser

#### ! NOTE

A recognised tax adviser is a registered tax agent, barrister or solicitor. You cannot claim for the cost of tax advice given by a person who is not a recognised tax adviser.

You can only claim fees paid to a registered tax agent for preparing or lodging your tax return if you incurred them in 2006–07. Generally, you incur the fees in the year you pay them.

- travel, to the extent that it is associated with getting tax advice – for example, the cost of travelling to attend a meeting with a recognised tax adviser
- appealing to the Administrative Appeals Tribunal or courts, and
- obtaining a valuation needed for a deductible gift or donation of property or for a deduction for entering into a conservation covenant.

### Expenses incurred as an interest charge

The Tax Office imposes an interest charge on:

- late payments of taxes and penalties
- the amount of any increase in your tax liability as a result of an amendment to your assessment, and
- the amount of any increase in other tax liabilities, such as goods and services tax (GST) or pay as you go (PAYG) amounts.

You can claim any interest charge we impose if the interest charge was incurred in 2006–07. Interest charges imposed when an income tax assessment is amended are incurred when you are charged the interest. Interest charges in the other situations listed are generally incurred in the year in which the interest accrues.

#### ! NOTE

Tax shortfall and other penalties for failing to meet your obligations are not deductible.

### Expenses for complying with your legal obligations relating to another person's tax affairs

This category includes expenses relating to:

- complying with your PAYG withholding obligations – for example, where you withheld tax from a payment to a supplier because the supplier did not quote an Australian business number, and
- providing information requested by us about another taxpayer.

### ▶ COMPLETING THIS ITEM

**STEP 1** Add up the amounts of your expenses for managing your own tax affairs, any interest charge you have incurred and any expenses for complying with your legal obligations relating to another person's tax affairs.

**STEP 2** Write the total amount at **M** item **16** on your tax return. Do not show cents.

### EXAMPLE

During 2006–07 Lester had a registered tax agent help him fill in his 2006 tax return. The tax agent charged \$100. Lester can claim the tax agent's fee at this item.

Lester fills in item **16** on his tax return like this:

**16** Cost of managing tax affairs

**M**   ,     .00

## QUESTION 18

# 18

### TAXABLE INCOME

#### ▶ COMPLETING THIS ITEM

**STEP 1** If you did not have any deductions, transfer your total income amount from item **10** to item **18** on your tax return.

**STEP 2** If you had deductions, take away your total deductions amount at item **17** from the total income amount at item **10**. This will give you your taxable income.

**STEP 3** Write your answer at item **18 TAXABLE INCOME**. Do not show cents.

**QUESTION** *Are you eligible for the low income tax offset?*

**ANSWER** If your taxable income is less than \$40,000, you may get a low income tax offset.

The maximum low income tax offset of \$600 applies if your taxable income is \$25,000 or less. The tax offset amount is reduced by 4 cents for each dollar over \$25,000.

You do not have to work out your tax offset. We will work it out for you from your taxable income details. The tax offset will be shown on your notice of assessment. If you want to work it out yourself, you can use the low income tax offset calculator on our website or **worksheet 2.1** on page 89. **Do not write anything about this tax offset on your tax return.**

18

TAXABLE INCOME

**Did you have a spouse – married or de facto?**

**NO**  Go to question 20.

**YES**  Read below.

**STOP**

If you maintained a child or a student, **you cannot complete your tax return using *Retirees TaxPack 2007***. See **Other ways to prepare your tax return** on page 2 for alternative ways to prepare your tax return.

**QUESTION** *Can you claim a dependent spouse tax offset?*

**ANSWER** You can claim a dependent spouse tax offset if you and your spouse – married or de facto – were Australian residents for tax purposes and you maintained your spouse for all or part of the income year. **Maintained** means that:

- you and your spouse lived in the same house, or
- you helped your spouse to pay living, medical, food and clothing expenses.

If you had a spouse for the whole year and your spouse worked for part of the year, we still consider you to have maintained your spouse – as a dependant – for the whole year.

We consider you to have maintained your spouse even if you were temporarily separated from them, for example, due to holidays or if they were away from Australia for a short time.

The maximum spouse tax offset is \$1,655. You can claim the maximum amount unless your spouse's separate net income (SNI) was more than \$282 for the year.

The tax offset is reduced by \$1 for every \$4 of your spouse's SNI over \$282.

You cannot claim a spouse tax offset if you and your spouse lived together for the whole year and your spouse's SNI was more than \$6,901.

**NOTE**

If you are claiming the spouse tax offset you need to complete **Spouse details—married or de facto** on page 5 and **Your spouse's name** on page 1 of your tax return. See the definition of spouse on page 77.

**QUESTION** *What is separate net income (SNI)?*

**ANSWER** Separate net income is income and other specified amounts your spouse earned or received in

2006–07 while you maintained them. It includes salary or wages, interest and dividend income, pensions (including exempt pensions listed on page 15), Department of Veterans' Affairs and most Centrelink payments including allowances, and any net capital gain for the income year.

SNI can also include amounts on which tax is not payable. These amounts include most pensions and scholarships and any maintenance payments your spouse received for their own support after divorce or separation.

**SNI does not include:**

- lump sum severance or retirement payments of a capital nature or as compensation payments for losing a job
- franking credits attached to franked dividends
- any maintenance payments your spouse received for support of their dependent children
- amounts received under the incentive payments scheme relating to certain private health insurance policies
- carer allowance (but note that carer payments **are** included in SNI)
- the Japanese internment compensation payments made under the *Compensation (Japanese Internments) Act 2001* or the *Veterans' Entitlements Act 1986*
- compensation payments received under the German Forced Labour Compensation Programme (GFLCP)
- the 2006 one-off payment to carers (carer payment related, wife pension related, partner service pension related, carer service pension related or carer allowance related) paid under the *Social Security Act 1991*
- payments to carers under the scheme determined under Schedule 4 to the *Social Security and Veterans' Entitlements Legislation Amendment (One-Off Payments to Increase Assistance for Older Australians and Carers and Other Measures) Act 2006*
- the 2006 one-off payment to older Australians under the *Social Security Act 1991* or the *Veterans' Entitlements Act 1986*
- payments to older Australians under the scheme determined under Schedule 2 to the *Social Security and Veterans' Entitlements Legislation Amendment (One-Off Payments to Increase Assistance for Older Australians and Carers and Other Measures) Act 2006*.

Your spouse's SNI may reduce any tax offset you are entitled to claim.

## What can reduce your spouse's separate net income (SNI)?

The following expenses and deductions can reduce your spouse's SNI:

- any work-related expenses your spouse incurred in 2006–07 even if they did not lodge a tax return
- any deductions your spouse could claim against interest and dividend income
- any amount your spouse could claim on their 2007 tax return for the deductible amount of the undeducted purchase price of their pension or annuity, or
- any expenses your spouse incurred in 2006–07 for travel to and from work (even if they could not claim the expenses as a deduction).

If any of the above expenses include car expenses, we accept a calculation based on a rate per kilometre multiplied by the actual number of kilometres travelled. For more information about the 'cents per kilometre' method, see question **D1** in *TaxPack 2007*. If this method is used, the 5,000 kilometre limit does not apply for the purpose of calculating your spouse's SNI.

Your spouse must be able to demonstrate that they actually incurred the expenses that reduce their SNI.

## What doesn't reduce your spouse's SNI?

Your spouse's SNI cannot be reduced by:

- amounts they paid for gifts, donations or tax agent fees
- tax withheld, superannuation contributions or any tax losses brought forward from 2005–06 or earlier years.

### Part-year tax offset

You may be entitled to claim a part-year tax offset if, during 2006–07, you and your spouse were Australian residents and:

- you married or entered into a de facto relationship
- you divorced or separated, or
- your spouse died.

Use the steps in the following example to work out your dependent spouse tax offset.

**Note:** If you had a dependent spouse for part of the year and a different dependent spouse for another part of the year, you will need to go through the steps twice – once for each spouse – and then add the results.

**EXAMPLE**

Barry and Jenny are married and lived together for the whole year. Jenny received a part pension of \$4,350.

Barry can claim a spouse tax offset for Jenny as her total separate net income (SNI) was not more than \$6,901. Barry would use the following calculation to work out the amount of dependent spouse tax offset he can claim.

<b>HOW TO WORK OUT YOUR DEPENDENT SPOUSE TAX OFFSET</b>		
	Barry	Use these steps to work out your correct tax offset.
<b>STEP 1</b> Write your maximum allowable tax offset at (a). <b>Note:</b> If you had a spouse for only part of the year, multiply the number of days you had a spouse by \$4.53 a day. Show the answer at (a).	\$1,655 for the whole year or \$4.53 a day  (a) \$1,655	(a) \$
<b>STEP 2</b> If your spouse's SNI for the year (or for the period you are claiming a spouse tax offset if this is not for the whole year) was less than \$286, write the amount from (a) at (f) step 6, then go to step 7. Otherwise, go to step 3.		
<b>STEP 3</b> If your spouse's SNI was \$286 or more, write at (b) their SNI for the year (or for the period you are claiming a spouse tax offset if this is not for the whole year).	(b) \$4,350	(b) \$
<b>STEP 4</b> SNI at which the tax offset begins to reduce Take (c) away from (b).	(c) \$282  (d) \$4,068	(c) \$282  (d) \$
<b>STEP 5</b> Divide the amount at (d) by 4. If your answer includes cents, write only the whole dollar amount at (e).	(e) \$1,017	(e) \$
<b>STEP 6</b> Take (e) away from (a). The answer is your allowable tax offset. You cannot claim a tax offset if the amount at (f) is 0 or less.	(f) \$638	(f) \$
<b>STEP 7</b> Write your allowable tax offset from (f) at <b>P</b> item <b>19</b> on your tax return.		

Barry fills in item **19** on his tax return like this:

<p><b>19 Spouse – married or de facto</b></p>	<p>To claim the spouse tax offset you must also complete <b>Spouse details – married or de facto</b> on page 5 of your tax return.</p>	<p>Tax offsets – do not show cents</p> <p><b>P</b> <input type="text" value=""/> , <input type="text" value="6"/> <input type="text" value="3"/> <input type="text" value="8"/> . <input type="text" value="00"/></p>
---	--	---

Barry also completes **Spouse details – married or de facto** on page 5 and **Your spouse's name** on page 1 of his tax return.

## ELIGIBILITY FOR THE SENIOR AUSTRALIANS TAX OFFSET

You must meet the following **four conditions** to be eligible for the senior Australians tax offset. These conditions relate to such factors as age, income and eligibility for Australian Government pensions and similar payments.

### ➤ ELIGIBILITY CALCULATOR

The senior Australians and pensioner tax offset calculator on our website can help you work out whether you are eligible. If you are, it can also work out the amount you are entitled to claim.

### CONDITION 1 – Age

You meet this condition if, on 30 June 2007, you were:

- a male aged 65 years or older
- a male veteran or war widower aged 60 years or older who met the veteran pension age test
- a female aged 63 years or older, or
- a female veteran or war widow aged 58 years or older who met the veteran pension age test.

### ! NOTE

You met the **veteran** pension age test if one of the following applied to you and you were eligible for a pension, allowance or benefit under the *Veterans' Entitlements Act 1986*:

- you have eligible war service, that is, service in World War I or World War II or operational service as a member of the Australian Defence Force
- you are a Commonwealth or allied veteran who served in a conflict in which the Australian Defence Force was engaged during a period of hostilities, that is, World War I or World War II, or in Korea, Malaya, Indonesia or Vietnam
- you are an Australian or allied mariner who served during World War II, or
- you are the war widow or widower of a former member of the Australian Defence Force.

'Pension, allowance or benefit' includes:

- disability pension
- service pension, and
- white or gold Repatriation health cards for treatment entitlements.

If you are unsure if you met the veteran pension age test, visit the Department of Veterans' Affairs website at [www.dva.gov.au](http://www.dva.gov.au) or phone Veterans' Affairs on **13 32 54**.

### CONDITION 2 – Eligibility for Australian Government pensions and similar payments

There are **three ways** of meeting this condition.

**1** You meet this condition if:

- you received an Australian Government age pension, or a pension, allowance or benefit from Veterans' Affairs at any time during the 2006–07 income year.

**2** You also meet this condition if:

- you were eligible for an Australian Government age pension but did not receive one because you did not make a claim, or because of the application of the income test or the assets test

**and**

■ you satisfy one of the following:

- you have been an Australian resident for age-pension purposes for either 10 continuous years or for more than 10 years, of which five years were continuous
- you have a qualifying residence exemption (because you arrived in Australia as a refugee or under a special humanitarian program)
- you are a woman who was widowed in Australia (at a time when both you and your late partner were Australian residents) and you have made a claim for the age pension and you had two years' residence immediately prior to your claim
- you received a widow B pension, widow allowance, mature age allowance or partner allowance immediately before turning age-pension age, or
- you would qualify under an international social security agreement.

If you need assistance in determining your eligibility for a social security or Centrelink pension only, phone Centrelink on **13 23 00**; for all other enquiries relating to the senior Australians tax offset, phone our Personal Infoline (see the inside back cover).

Read on.

3 You also meet this condition if:

- you are a veteran with eligible war service, or
- you are a Commonwealth veteran, allied veteran or allied mariner with qualifying service

and

- you were eligible for a pension, allowance or benefit from Veterans' Affairs but did not receive one because you did not make a claim, or because of the application of the income test or the assets test.

If you are not sure if you were eligible for a payment you can get further information from the Department of Veterans' Affairs website or by phoning Veterans' Affairs.

### CONDITION 3 – Taxable income threshold

You meet this condition by satisfying the income threshold that applies to you from the following:

- You did not have a spouse, married or de facto, and your taxable income was less than \$42,707.
- You did have a spouse, married or de facto, and your and your spouse's combined taxable income\* was less than \$66,992.
- You did have a spouse, married or de facto, and for some or all of 2006–07 you 'had to live apart due to illness' or because one of you was in a nursing home, and your and your spouse's combined taxable income\* was less than \$79,840.

\* **Combined taxable income** includes your spouse's share for 2006–07 of any net income of a trust estate to which they are presently entitled and on which the trustee is assessed under section 98 of the *Income Tax Assessment Act 1936*.

The threshold amounts shown above relate to determining your eligibility for the senior Australians tax offset. They are not tax-free thresholds.

### ! DEFINITION

**Had to live apart due to illness** is a term used to describe a situation where the living expenses of you and your spouse, married or de facto, were increased because you were unable to live together in your home due to the indefinitely continuing illness or infirmity of either or both of you.

### CONDITION 4 – Not in jail

You meet this condition unless you were in jail for the whole income year.

#### Were you eligible?

If you meet conditions 1, 2, 3 and 4 you are **eligible** for the senior Australians tax offset.

Being eligible means that you are **entitled** to the senior Australians tax offset, but it does not mean you will automatically get an amount of senior Australians tax offset. We use your taxable income to work out how much, if any, tax offset you will get. (We only use the combined income amounts in **condition 3** for determining your eligibility, not for working out the amount of your entitlement.)

If you came to this section from **reason 2** in **Do you need to lodge a 2007 tax return?** on page 3, go back to that section. Otherwise you must read question **20** on pages 55–6 and complete item **20** on your tax return.

TAX OFFSETS

### ! CAUTION

If this question applies to you, you must complete this item before you go to the next question.

### Were you eligible for the senior Australians tax offset?

If you are unsure, see the eligibility criteria on pages 53–4. If you had a spouse, you will also need to work out if your spouse was eligible. See the definition of spouse on page 77.

NO  Go to question 21.

YES  Read below.

### ▶ COMPLETING THIS ITEM

**STEP 1** Find the tax offset code letter that applies to your circumstances in the table below. This code letter tells us the amount of tax offset your entitlement will be based on.

### TAX OFFSET CODE LETTERS

If at any time during 2006–07, you were single, separated or widowed	<b>A</b>
If you and your spouse, married or de facto, 'had to live apart due to illness' or because one of you was in a nursing home at any time in 2006–07 and you were both eligible for the senior Australians tax offset	<b>B</b>
If you and your spouse, married or de facto, 'had to live apart due to illness' or because one of you was in a nursing home at any time in 2006–07 but your spouse was <b>not</b> eligible for the senior Australians tax offset	<b>C</b>
If you and your spouse, married or de facto, were living together and you were both eligible for the senior Australians tax offset	<b>D</b>
If you and your spouse, married or de facto, were living together but your spouse was <b>not</b> eligible for the senior Australians tax offset	<b>E</b>

### ! DEFINITION

**Had to live apart due to illness** is a term used to describe a situation where the living expenses of you and your spouse, married or de facto, were increased because you were unable to live together in your home due to the indefinitely continuing illness or infirmity of either or both of you.

If more than one code letter applies to you, read on. Otherwise, go to step 2.

Select the letter that appears first in the following order: **A, B, C, D, E**. For example, if both **B** and **D** apply to you, select **B**.

Exceptions to this rule:

- If both **A** and **B** apply to you, and your spouse's taxable income was less than \$18,334, select **B** as this gives you the correct tax offset. Include in your spouse's taxable income any net income of a trust estate to which your spouse is presently entitled and on which the trustee is assessed under section 98 of the *Income Tax Assessment Act 1936* (ITAA 1936).
- If both **A** and **C** apply to you, and your spouse received an Australian Government pension or allowance listed at question 1 and their taxable income was less than \$17,260, select **C** as this gives you the correct tax offset.
- If both **A** and **D** apply to you, and your spouse's taxable income was less than \$12,494, select **D** as this gives you the correct tax offset. Include in your spouse's taxable income any net income of a trust estate to which your spouse is presently entitled and on which the trustee is assessed under section 98 of the ITAA 1936.
- If both **A** and **E** apply to you, and your spouse received an Australian Government pension or allowance listed at question 1, and your spouse's taxable income was less than \$11,960, select **E** as this gives you the correct tax offset.

**STEP 2** Print your code letter from the table in the previous column in the **TAX OFFSET CODE** box at the right of **N** item 20 on page 3 of your tax return.

### ! NOTE

If you do not print a code letter on your tax return or you print an incorrect code letter, you may not receive your correct entitlement.

**STEP 3** If your spouse or you were a veteran, war widow or war widower (see definition in the NOTE box on page 53), read on. Otherwise, go to step 4. From the following list select the veteran code that applies to your circumstances:

You were a veteran, war widow or war widower.	<b>V</b>
Your spouse was a veteran, war widow or war widower.	<b>W</b>
Both <b>V</b> and <b>W</b> apply to you.	<b>X</b>

Print your veteran code in the **VETERAN CODE** box at **Y** item **20** on page 3 of your tax return.

**STEP 4** Have you used **tax offset code** (not veteran code) **B**, **C**, **D** or **E**? If so, you must complete **Spouse details – married or de facto** on page 5 of your tax return. Provide relevant details including:

- your spouse's date of birth at **K**
- your spouse's taxable income at **O**. If this amount is zero, write **0**
- your spouse's share of trust income on which the trustee is assessed under section 98 of the *Income Tax Assessment Act 1936* at **T**, if it is not already included in your spouse's taxable income. If this amount is zero, write **0**
- your spouse's Australian Government pension income at **P**. If this amount is zero, write **0**
- your spouse's exempt pension income at **Q**. If this amount is zero, write **0**.

Remember to complete **Your spouse's name** on page 1 of your tax return.

If you were eligible for the senior Australians tax offset and your spouse was eligible for the senior Australians or pensioner tax offset, and one of you does not fully use your tax offset, the unused portion may be available for transfer to the other person. We use the amounts you write on the spouse details section of your tax return to work out if you are entitled to have the unused portion of your spouse's tax offset transferred to you. If an unused amount is available, we will make sure it is taken into account in working out your tax offset.

#### NOTE

In working out if there is any unused spouse's senior Australians or pensioner tax offset available for transfer to you, we do not take your spouse's other credits and tax offsets into account.

## EXAMPLE

Sonya is married to Russell and they have lived together for the whole income year. Russell, who is a veteran, has received a service pension. Sonya's taxable income for the 2006–07 year was \$20,800 and Russell's was \$10,200. They are both over pension age and their combined taxable income was less than \$66,992. They were both eligible for the senior Australians tax offset.

Sonya writes tax offset code letter **D** at **N** item **20** on her tax return. She also writes veteran code letter **W** at **Y** item **20** on her tax return.

Sonya completes **Spouse details – married or de facto** on page 5 of her tax return, so any tax offset that Russell does not use will be automatically transferred to her and taken into account when her tax offset is calculated. She also completes **Your spouse's name** on page 1 of her tax return.

## CHECK THAT YOU HAVE...

- written your tax offset code letter at **N** item **20**
- if required, written your veteran code at **Y** item **20**
- written your spouse's date of birth at **K** and the relevant amounts at **O**, **P**, **T** and **Q** at **Spouse details – married or de facto** on page 5 of your tax return
- written your date of birth and your spouse's name on page 1 of your tax return.

## DID YOU COMPLETE THIS ITEM?

If you printed a tax offset code letter and a veteran code letter (if applicable) at item **20** on your tax return, go to question **22**. **Do not** complete item **21 Pensioner**.

## DO YOU WANT TO WORK OUT YOUR TAX OFFSET?

You do not have to work out your tax offset. We will work it out for you from your taxable income details and your tax offset code letter and your veteran code letter (if applicable). Make sure you print your code letter(s) at item **20** on page 3 of your tax return.

If you do want to work out your tax offset, you can use the senior Australians and pensioner tax offset calculator on our website, or go to pages 89–90.

### ▶ COMPLETING THIS ITEM

**STEP 1** Find the tax offset code letter that applies to your circumstances in the table below.

#### TAX OFFSET CODE LETTERS

If at any time during 2006–07 while you were receiving an Australian Government pension or allowance listed at question 1:	
■ you were single, widowed or separated	<b>S</b>
■ you and your spouse, married or de facto, lived together	<b>P</b>

■ if both <b>P</b> and <b>I</b> apply to you, select	<b>I</b>
■ if <b>S</b> , <b>P</b> and <b>I</b> all apply to you, select	<b>J*</b>
■ if both <b>S</b> and <b>I</b> apply to you, select	<b>J*</b>
■ if both <b>S</b> and <b>P</b> apply to you, select	<b>Q*</b>
* We use the tax offset codes <b>J</b> and <b>Q</b> to calculate correct entitlements in certain situations where more than one tax offset code applies.	

#### ! DEFINITION

**Had to live apart due to illness** is a term that relates to the payment of pensions. This would apply to you if you were paid the pension at a higher rate because Centrelink or the Department of Veterans' Affairs (DVA) determined that you and your spouse were separated due to illness. If you are unsure check with Centrelink or DVA.

See the definition of spouse on page 77.

**STEP 2** Print your tax offset code letter in the **TAX OFFSET CODE** box at the right of **O** item 21 on your tax return.

#### ! NOTE

If you do not print a code letter on your tax return, or you print an incorrect code letter, you may not receive your correct entitlement.

**STEP 3** If you or your spouse was a veteran, war widow or war widower (see definition in the NOTE box on page 53), read on. Otherwise, go to step 5.

From the following list, select the veteran code that applies to your circumstances:

You were a veteran, war widow or war widower.	<b>V</b>
Your spouse was a veteran, war widow or war widower.	<b>W</b>
Both <b>V</b> and <b>W</b> apply to you.	<b>X</b>

**STEP 4** Print your veteran code in the **VETERAN CODE** box at **T** item 21 on your tax return.

**STEP 5** If you have used tax offset code (not veteran code) letter **S**, go to the question **Do you want to work out your tax offset?** on the next page.

If your tax offset code letter is **P**, **Q**, **I** or **J**, you must complete **Spouse details – married or de facto** on page 5 of your tax return. Provide relevant details including:

- your spouse's date of birth at **K**
- your spouse's taxable income at **O**. If the amount is zero, write **0**
- your spouse's share of trust income on which the trustee is assessed under section 98 of the *Income Tax Assessment Act 1936* at **T**, if it is not already included in your spouse's taxable income. If the amount is zero, write **0**
- your spouse's Australian Government pension income at **P**. If the amount is zero, write **0**
- your spouse's exempt pension income at **Q**. If the amount is zero, write **0**.

You must also complete **Your spouse's name** on page 1 of your tax return.

If both you and your spouse were eligible for the senior Australians tax offset or pensioner tax offset and one of you does not fully use your tax offset, the unused portion may be available for transfer to the

other person. We use the amounts you write on the spouse details section of your tax return to work out if you are entitled to have the unused portion of your spouse's tax offset transferred to you. If an unused amount is available, we will take it into account when we work out your tax offset.

**!** NOTE

In working out if there is any unused spouse's senior Australians tax offset or pensioner tax offset available for transfer to you, we do not take your spouse's other credits and tax offsets into account.

## EXAMPLE

Faye is not a veteran and lives with her husband who is a veteran. Faye receives a partner service pension in addition to other income. Faye is not eligible for the senior Australians tax offset as she is not yet of age-pension age.

Faye completes item **21** on her tax return like this:

<p><b>21 Pensioner</b>  <b>If you completed item 20 Senior Australians above DO NOT complete this item.</b></p> <p>If you had a spouse during 2006–07 you must also complete <b>Spouse details – married or de facto</b> on page 5 of your tax return.</p>	<p>The Tax Office will work out this tax offset amount. **QUESTION** *Do you want to work out your tax offset?*

**ANSWER** You do not have to work out your tax offset. We will work it out for you from your taxable income details and your tax offset code letter and your veteran code letter (if applicable). Make sure you print your code letter(s) at item **21** on page 3 of your tax return.

## QUESTION 22

# 22

### SUPERANNUATION ANNUITY AND PENSION

22

TAX OFFSETS

#### Did you receive income from an Australian superannuation annuity or pension (this income is shown at item 2 on your tax return)?

**NO**  Go to question 23.

**YES**  Read below.

You may be entitled to a tax offset equal to 15% of all or part of your taxable superannuation or pension income.

#### **QUESTION** *How do you know if your annuity or pension qualifies for a tax offset?*

**ANSWER** Your superannuation annuity or pension statement or original superannuation fund documents will tell you if your annuity or pension qualifies for a tax offset. Your statement or documents will show you how much of your annuity or pension is eligible for the tax offset. If you cannot find your documents, or are not sure whether you can claim a tax offset, contact your superannuation provider.

Before working out your Australian annuity or pension tax offset, you will need:

- any deductible amount from item 14 on your tax return
- the rebatable proportion. This is the part of your annuity or pension that may be eligible for the pension tax offset. It may be one, less than one, or zero, depending on the type and amount of annuity or pension. The Tax Office determines the rebatable proportion by measuring your pension or annuity against your reasonable benefit limit (RBL). Your rebatable proportion will be one, unless
  - you were issued with an RBL determination stating otherwise, or
  - you were receiving a pension that was previously payable to someone who has died and an RBL determination had been issued for the pension when it originally commenced that showed a rebatable proportion of less than one.

If you need assistance, phone the Superannuation Infoline (see the inside back cover).

#### How to work out your annuity or pension tax offset

- (a) Work through steps 1 to 4 below if:
- you were 55 years of age before 1 July 2006
  - you turned 55 years of age on or after 1 July 2006 and your pension started on or after your 55th birthday, or
  - you are receiving a death or disability pension at any age.
- (b) Work through steps 1 to 9 on the next page if:
- you turned 55 years of age on or after 1 July 2006 and your pension started before your 55th birthday.

#### **▶ COMPLETING THIS ITEM**

**If you were in one of the categories described at (a) above, work through the steps below. See example 1 on the next page.**

**STEP 1** Take away any deductible amount (from item 14 on your tax return) from the part of your annuity or pension that is eligible for the tax offset.

**STEP 2** Multiply the answer from step 1 by the rebatable proportion of your annuity or pension.

**STEP 3** Work out 15% of the answer you got at step 2. This is your tax offset.

**STEP 4** Write your annuity or pension tax offset from step 3 at **S** item 22 on page 3 of your tax return. Do not show cents.

You have now completed this item. Go to question 23.

**EXAMPLE 1**

Tom, who turned 55 years old on 28 March 2006, received a \$17,300 annuity which had a deductible amount of \$12,000 in 2006–07. Tom used the following calculation to work out his tax offset:

	Tom's calculations		Your calculations
Amount of his annuity	\$17,300	(a)	\$
His deductible amount	\$12,000	(b)	\$
Take (b) away from (a).	\$5,300	(c)	\$
Multiply (c) by the rebatable proportion – in Tom's case, that is 1.	\$5,300	(d)	\$
Multiply (d) by 15%.	\$795		\$

Tom fills in item **22** on his tax return like this:

**22 Superannuation annuity and pension**

S   ,  7  9  5 .

**If you were in category (b) under the heading 'How to work out your annuity or pension tax offset' on the previous page because you turned 55 years of age on or after 1 July 2006 and your pension started before your 55th birthday – work through the steps below. See example 2 on the next page.**

**STEP 1** Work out the amount of your annuity or pension that was paid to you on or after your 55th birthday.

**STEP 2** Work out the number of days from your 55th birthday to 30 June 2007.

**STEP 3** Work out the number of days from the day your annuity or pension started to 30 June 2007. If it started before 1 July 2006, use 365 days.

**STEP 4** Divide the number of days at step 2 by the number of days at step 3.

**STEP 5** Multiply any deductible amount (from item **14** on your tax return) by the answer you got at step 4.

**STEP 6** Take away the answer you got at step 5 from the answer at step 1.

**STEP 7** Multiply the answer you got at step 6 by the rebatable proportion of your annuity or pension. This proportion will be one unless you are issued with a reasonable benefit limit determination stating otherwise.

**STEP 8** Work out 15% of the answer you got at step 7. This is your annuity or pension tax offset.

**STEP 9** Write your annuity or pension tax offset from step 8 at **S** item **22** on page 3 of your tax return. Do not show cents.

**EXAMPLE 2**

Rebecca, who turned 55 years old on 21 September 2006, received a \$15,250 annuity which was first paid on 1 August 2006 and which had a deductible amount of \$10,350 in 2006–07. Rebecca used the following calculation to work out her tax offset:

	Rebecca's calculations		Your calculations
Amount of her annuity	\$15,250	(a)	\$
Deductible amount	\$10,350	(b)	\$
Number of days from 21 September 2006 to 30 June 2007	283	(c)	
Number of days from 1 August 2006 to 30 June 2007	334	(d)	
Divide (c) by (d).	0.85	(e)	
Multiply (b) by (e).	\$8,797	(f)	\$
Deduct (f) from (a).	\$6,453	(g)	\$
Multiply (g) by the rebatable proportion – in Rebecca's case, that is 1.	\$6,453	(h)	\$
Multiply (h) by 15%.	\$968		\$

Rebecca fills in item **22** on her tax return like this:

# QUESTION 23

## PRIVATE HEALTH INSURANCE

# 23

23

TAX OFFSETS

**Did you, or your employer on your behalf, pay the premium for an appropriate private health insurance policy?**

**NO**  Go to question 24.

**YES**  Read below.

**QUESTION** *What is an appropriate private health insurance policy?*

**ANSWER** An **appropriate private health insurance policy** is one provided by a registered health fund for **hospital, ancillary** – also known as ‘extras’ – or **combined hospital and ancillary** cover where every person covered by the policy is a person who is eligible to claim benefits under the Medicare system. Most health funds are registered but if you are unsure about the status of your health fund, contact them directly or visit the Private Health Insurance Administration Council website at [www.phiac.gov.au](http://www.phiac.gov.au) where there is a list of registered funds.

**Did you receive your full entitlement to a private health insurance rebate from your health fund or Medicare?**

**NO**  Read below.

**YES**  Go to question 24.

**QUESTION** *What is the private health insurance rebate?*

**ANSWER** The private health insurance rebate is worked out as a percentage of the premium paid to a registered health fund for appropriate private health insurance cover. The percentage of rebate you may be entitled to claim is determined by the age of the oldest person covered by the policy (see **How does the rebate work?** in the next column). The rebate is not affected by your level of income.

### Claiming the rebate

The rebate can be claimed as:

- a reduction in your private health insurance premium through the health fund
- a cash or cheque rebate from Medicare
- a refundable tax offset at the end of the income year through your tax return, or
- a combination of all the options – each for a different period during the year.

If you received your **full entitlement** from your health fund by way of a reduction in your premium through the health fund or a rebate from Medicare you **cannot** claim the rebate on your tax return. The statement you received from your health fund will advise you if you have already taken your full entitlement by premium reduction.

**QUESTION** *Were you eligible for the private health insurance rebate?*

**ANSWER** You were eligible to claim the rebate if you have paid, or your employer has paid for you, the premium for an appropriate private health insurance policy. If two people made payments for the same policy – for example, you made payments from a joint bank account – each person can claim the relevant percentage for the proportion of the premium they paid.

**QUESTION** *How does the rebate work?*

**ANSWER** The rebate is based on the premium you paid, or your employer paid for you, for appropriate health insurance cover, including payments made for cover for more than one income year. Your entitlement will be 30%, 35% or 40% – depending on the age of the oldest person covered by the policy and the number of days they were in the age category.

Age of the oldest person covered by the policy*	Amount of rebate
Less than 65 years	30% of the amount of premium paid
65 years to under 70 years	35% of the amount of premium paid
70 years or older	40% of the amount of premium paid

\* If the oldest person moves into the next age group during the year, the rebate is based on the number of days that person was in each group. Your health fund will calculate this automatically.

Once the policy becomes eligible for the higher rebate, it will retain this eligibility even if the person who established the eligibility comes off the policy. Additionally, the eligibility continues even if you change funds or policies after this. However, this ongoing eligibility for the higher rate will be affected if a new person is added to the policy after the person who established the eligibility leaves the policy. In this circumstance you should contact your health fund for more information on how your rebate level will be determined.

If the policy was in operation before 1 January 1999 you may be entitled to a higher amount under the Private Health Insurance Incentive Scheme (old incentive scheme). Your health fund statement will advise you if you had an eligible policy under the old incentive scheme by showing the amount you may be able to claim.

If your health fund statement shows an amount in a box for 'Maximum private health insurance incentive amount (after premium reductions and subject to income tests) – **G**' – this is the amount under the old incentive scheme.

If you have this box and the amount shown is greater than the amount in the box for 'Maximum claimable rebate on private health insurance (after premium reductions) – **G**', then you may be eligible to claim the higher amount if you meet certain eligibility and income tests.

If you want to know more about calculating the private health insurance incentive amount or how to complete this item if you are claiming the higher amount under the old incentive scheme, see the instructions on our website or phone the Personal Infoline (see the inside back cover).

**QUESTION** *Do you need a statement from your health fund to work out the rebate you can claim?*

**ANSWER** Yes. Your health fund should have sent you a statement showing the premium you have paid and the amount of premium reductions you have received. If you have more than one policy, you should have received a statement for each policy. If you did not receive a statement for one or more of the policies you have paid for, you should contact your health fund and ask for one.

**▶ COMPLETING THIS ITEM**

To complete this item you will need:

- your private health insurance statement, and
- the amount of any cash or cheque rebate received from Medicare for your private health insurance.

**STEP 1** If you did not receive any cash or cheque rebate from Medicare for your private health insurance premium, transfer the amount at **G** from your statement to **G** item **23** on page 3 of your tax return. If you had more than one policy, add up the amounts at **G** on your statements.

**STEP 2** If you received a cash or cheque rebate from Medicare for your private health insurance premium, use **worksheet 1** in the next column to work out your entitlement.

**WORKSHEET 1**

Amount shown at <b>G</b> on your statement	(a)	\$
Amount of any cash or cheque payment you have received from Medicare for your private health insurance premium	(b)	\$
Take (b) away from (a).	(c)	\$
If you paid for more than one policy, repeat the steps in this worksheet for each policy then add up the amounts at (c) ignoring any negative amount.		

If the amount at (c) is **0** or a negative amount you have already received your full entitlement. Go to question **24**.

If the amount at (c) is positive, this is the tax offset that you are eligible to claim at **G** item **23** on your tax return. Do not include cents.

**STEP 3** Complete the **Private health insurance policy details** on page 4 of your tax return. See page 68 for how to complete these details.

It is better to complete this item using the annual statement you received from your health fund.

However, if you cannot get a statement, or if your statement shows a total amount expected to be paid during the year which is different to the total amount actually paid (for example, you did not make one of the expected payments) you can use one of the following worksheets to help you calculate your tax offset.

Use **worksheet 2** if your rebate percentage did not change during the period the payments cover.

Use **worksheet 3** if your rebate percentage changed during the period the payments cover – for example, a person covered by the policy turned 65 or 70 years old.

**WORKSHEET 2**

Total premiums paid during 2006–07 for the policy <b>before</b> any premium reduction from your health fund or rebate from Medicare	(a)	\$
Your rebate percentage	(b)	%
Multiply (a) by (b).	(c)	\$
Amount, if any, of premium reduction from your health fund or of rebate from Medicare	(d)	\$
Take (d) away from (c).	(e)	\$

The amount at (e) is what you are entitled to claim. If (e) is **0** or a negative amount you have already received your full entitlement. Go to question **24**.

### WORKSHEET 3

\* Add another column if your rebate percentage changed more than once.

The amount at (j) is what you are entitled to claim. If (j) is **0** or a negative amount you have already received your full entitlement. Go to question **24**.

## QUESTION 24

### 20% TAX OFFSET ON NET MEDICAL EXPENSES OVER THE THRESHOLD AMOUNT

# 24

**24****TAX OFFSETS**

#### Did you have net medical expenses over \$1,500 in 2006–07?

Medical expenses do not include contributions to a private health fund, travel or accommodation expenses associated with medical treatment, or inoculations for overseas travel.

**NO**  Go to question 25.

**YES**  Read below.

#### **STOP**

If you paid medical expenses for a dependant other than a spouse, **you cannot complete your tax return using *Retirees TaxPack 2007***. See **Other ways to prepare your tax return** on page 2 for alternative ways to prepare your tax return.

#### **QUESTION** *What are net medical expenses?*

**ANSWER** Net medical expenses are medical expenses you have paid less any refunds you received, or could get, from Medicare or a private health fund.

The medical expenses can be for:

- you, or
- your spouse – married or de facto – regardless of their income.

You and your spouse must have been Australian residents for tax purposes.

#### **What you can claim**

You can claim a tax offset of 20% – 20 cents in the dollar – of your net medical expenses over \$1,500. There is no upper limit on the amount you can claim.

You can claim medical expenses you paid while travelling overseas. You can claim expenses relating to an illness or operation paid to legally qualified doctors, nurses or chemists and public or private hospitals. However, expenses for some cosmetic operations are excluded – see below.

Medical expenses which qualify for the tax offset include payments:

- to dentists, orthodontists or registered dental mechanics
- to opticians or optometrists, including for the cost of prescription spectacles or contact lenses

- to a carer who looks after a person who is blind or permanently confined to a bed or wheelchair
- for therapeutic treatment under the direction of a doctor
- for medical aids prescribed by a doctor
- for artificial limbs or eyes and hearing aids
- for maintaining a properly trained dog for guiding or assisting people with a disability (but not for social therapy), and
- for laser eye surgery.

Expenses which **do not** qualify for the tax offset include payments made for:

- cosmetic operations for which a Medicare benefit is not payable
- dental services or treatment that are solely cosmetic
- inoculations for overseas travel
- non-prescribed vitamins, or health foods
- travel or accommodation expenses associated with medical treatment
- chemist-type items, such as tablets for pain relief, purchased at retail outlets or health food stores
- therapeutic treatment if the patient is not formally referred by a doctor – a mere suggestion or recommendation by a doctor to a patient is not enough; the patient must be referred to a particular person for specific treatment
- contributions to a private health fund
- purchases from a chemist that are not related to an illness or operation
- life insurance medical examinations
- ambulance charges and subscriptions, and
- funeral expenses.

#### **Cosmetic operations, services and treatment**

To find out which operations and dental services and treatment are cosmetic and whether you can claim your payments for them, visit our website **[www.ato.gov.au](http://www.ato.gov.au)** or phone the Personal Infoline (see the inside back cover).

## Nursing home (residential aged care facility) expenses

You can claim payments made to nursing homes or hostels (not retirement homes) if:

- the payments were made to an approved care provider **and**
- the payments were made for residential aged care received by an approved recipient **and**
- the recipient was assessed as needing care at levels 1 to 7.

If the recipient was not assessed as needing care at levels 1 to 7 but is subsequently reassessed at one of these levels, you can claim a tax offset for payments made from the date the new classification took effect.

If you are not sure which level of care you (or the care recipient you are claiming an expense for) have been assessed as requiring, contact the nursing home or hostel.

Payments for residential age care can be for:

- daily fees
- income tested daily fees
- extra service fees, and
- accommodation charges, periodic payments of accommodation bonds, or amounts drawn from accommodation bonds paid as a lump sum.

The tax offset does not cover the following payments:

- lump sum payments of accommodation bonds
- interest derived by care providers from the investment of accommodation bonds (because these are not payments for residential age care)
- payments for people who were residents of a hostel before 1 October 1997 and who did not have a personal care subsidy or a respite care subsidy paid on their behalf at the personal care subsidy

rate by the Commonwealth (unless they have subsequently been reassessed as requiring care at levels 1 to 7), and

- payments for people assessed as requiring level 8 care.

## WHAT YOU MAY NEED

- Details of the medical expenses you can claim
- Details of refunds you received, or are entitled to receive, from Medicare or a private health fund

To help you work out medical expenses you have paid, you can ask for an itemised statement from:

- Medicare
- your private health fund
- chemists where you had prescriptions filled.

Some of the items shown on these statements may not qualify for the tax offset. You will need to exclude these items from your claim.

## ▶ COMPLETING THIS ITEM

To work out your tax offset, you can use the net medical expenses tax offset calculator on our website or follow the steps below.

**STEP 1** Add up all your allowable medical expenses. Take away from this total all of the refunds you have received or are entitled to receive. This will give you your net medical expenses amount.

**STEP 2** Take \$1,500 away from your net medical expenses and divide the remaining amount by 5 (to get 20%). **This is your medical expenses tax offset.**

**STEP 3** Write your medical expenses tax offset at **X** item **24** on your tax return. Do not show cents.

## EXAMPLE

Tony had some dental work done this year, none of which was solely cosmetic, and also bought new prescription glasses. His total medical costs were \$2,300 and he received \$500 back from his health fund.

Tony worked out his medical expenses like this:

Total medical expenses	\$2,300
Less costs covered by health fund	\$500
Net medical expenses	\$1,800
Subtract \$1,500	\$1,500
	\$300
Tax offset equals 20 cents for every dollar over \$1,500 – divide \$300 by 5 (to get 20%)	\$60
This is Tony's medical expenses tax offset.	

Tony fills in item **24** on his tax return like this:

**24** 20% tax offset on net medical expenses over the threshold amount

X     6 0 .00

## QUESTION 25

### TOTAL TAX OFFSETS

# 25

25

TOTAL TAX OFFSETS

#### Did you claim any tax offsets at items 19 to 24?

**NO**  Go to question 26.

**YES**  Read below.

#### ▶ COMPLETING THIS ITEM

**STEP 1** Add up all the tax offset amounts at items 19, 22, 23 and 24 on your tax return. If you are claiming the senior Australians tax offset at item 20 or the pensioner tax offset at item 21, we will make sure your assessment includes your correct tax offset amount. Do not include either of these items in the total.

**STEP 2** Write the total amount at item 25 **TOTAL TAX OFFSETS**. Do not show cents.

#### Low income tax offset

If your taxable income is less than \$40,000, you may get the low income tax offset.

The maximum low income tax offset of \$600 applies if your taxable income is \$25,000 or less. This amount is reduced by 4 cents for each dollar over \$25,000.

#### Mature age worker tax offset

If you are an Australian resident aged 55 years or older on 30 June 2007 and you have net income from working within certain limits, you may be eligible for the mature age worker tax offset.

We will work out these tax offsets and make sure they come off your tax. These tax offsets will be shown on your notice of assessment. Do not write anything about these tax offsets on your tax return.

#### ! NOTE

With the exception of the private health insurance rebate and the franking tax offset (which applies to franking credits on dividends paid to you) tax offsets can only reduce the amount of tax you pay to zero. If your tax offsets – other than the private health insurance rebate and the franking tax offset – exceed your tax payable, the excess does not become a refund.

# Private health insurance policy details

PH

If question **23** or **27** asked you to complete this item because you paid, or your employer paid for you, a premium for an appropriate private health insurance policy to a registered fund, you must complete **Private health insurance policy details** on page 4 of your tax return.

If you received a statement from your registered health fund, your private health insurance policy details will be shown on the statement. If you did not receive a statement because your employer paid the premium for you, contact your fund or speak to your employer.

You may be covered under a family policy even though you or your employer may not have paid the premium. You can complete this item showing the type of cover that you had under that family policy.

To check if your health fund is registered, visit the Private Health Insurance Administration Council website at [www.phiac.gov.au](http://www.phiac.gov.au)

## ▶ COMPLETING THIS ITEM

**STEP 1** Print the identification (ID) code of your health fund at **B Health fund ID** on page 4 of your tax return.

**STEP 2** Write your private health insurance membership number at **C Membership number**.

**STEP 3** In the **Type of cover** box  print the code letter from the table in the next column that describes the type of private health insurance cover you had.

Type of cover	Code
Ancillary cover – also known as ‘extras’	<b>A</b>
Hospital cover	<b>H</b>
Combined hospital and ancillary cover	<b>C</b>

### ! NOTE

If you have used code letter **H** or **C** your liability for Medicare levy surcharge may be reduced. Make sure you carefully read question **27 Medicare levy surcharge** on pages 73–6.

If you changed your type of cover during the year, print the code letter for the type of cover that gave you the highest level of cover. For example, if you had hospital cover and added ancillary cover during the year, use code letter **C** for combined hospital and ancillary cover.

### QUESTION Did you have more than one policy during 2006–07?

**ANSWER** If you had more than one policy during 2006–07 you will need to complete steps 1 to 3 for each policy. If you had more than three policies during 2006–07, complete steps 1 to 3 for the first three policies, then on a separate piece of paper, print SCHEDULE OF ADDITIONAL INFORMATION – PRIVATE HEALTH INSURANCE POLICY DETAILS. Include your name, address and tax file number, and list the health fund ID code, membership number and type of cover for each of the other policies you held. Print **X** in the **YES** box at *Taxpayer’s declaration* on page 6 of your tax return. Sign and attach your schedule to page 3 of your tax return.

## EXAMPLE

Kel had a policy with Credicare Health Fund (**Health fund ID** – CPS) which provided hospital cover. During the year he changed his policy to include ancillary cover. His membership number is 1234567.

Kel fills in **Private health insurance policy details** on his tax return like this:

**PRIVATE HEALTH INSURANCE POLICY DETAILS** Page 68 in *Retirees TaxPack 2007* will help you to correctly fill in your details.

You must provide the details for each policy if item **23** or **27** asked you to complete this section.

# Medicare levy

Medicare is the scheme that gives Australian residents access to health care.

To help fund the scheme, resident taxpayers are subject to a Medicare levy. Normally, we calculate your Medicare levy at the rate of 1.5% of your taxable income. A variation to this calculation may occur in certain circumstances.

Generally, tax offsets do not reduce your Medicare levy. However, if you have excess refundable tax offsets we use them to reduce your tax, including your Medicare levy.

## MEDICARE LEVY REDUCTION OR EXEMPTION

In some cases you may be exempt from the levy or it may be reduced – this is the subject of question **26**. You only need to complete this item if you belong to an exemption category or you are able to claim a reduction based on family income. Read pages 70–2 to work out if you are eligible for the exemption or the reduction based on family income.

## MEDICARE LEVY SURCHARGE

Individuals and families on incomes above the Medicare levy surcharge thresholds (see page 75) who do not have private patient hospital cover may have to pay the Medicare levy surcharge – this is the subject of question **27**. This surcharge is in addition to the Medicare levy. We calculate it at the rate of 1% of your taxable income (including your total reportable fringe benefits). You will need to read pages 73–6 to see if you have to pay the surcharge.

**ITEM 27 IS COMPULSORY FOR ALL TAXPAYERS.** If you do not complete item **27** on your tax return you may be charged the full Medicare levy surcharge.

# QUESTION 26

## MEDICARE LEVY REDUCTION OR EXEMPTION

26

MEDICARE LEVY

**Were you a low income earner (see below) or were you in one of the Medicare levy reduction or exemption categories listed on the next page?**

**NO**  Go to question 27.

**YES**  Read below.

### **STOP**

If you were a resident of Norfolk Island, or have a certificate from the Medicare Levy Exemption Certification Unit of Medicare Australia showing that you are not entitled to Medicare benefits, **you cannot complete your tax return using *Retirees TaxPack 2007* – see **Other ways to prepare your tax return** on page 2 for alternative ways to prepare your tax return.**

### YOU NEED TO KNOW

**Most Australians are liable to pay the Medicare levy.**

The standard Medicare levy is 1.5% of your taxable income. However, this may vary according to your circumstances. Your taxable income is the amount you wrote at item **18 TAXABLE INCOME** on your tax return.

### LOW INCOME EARNER AND MEDICARE LEVY REDUCTION CATEGORIES

	Relevant threshold amount	Phase-in limit
If you are eligible for the senior Australians tax offset (see pages 53–4)	\$24,867	\$29,255
If you are eligible for the pensioner tax offset (see pages 57–8)	\$21,637	\$25,455
All other taxpayers	\$16,740	\$19,694

You do not need to complete this item if your taxable income was:

- equal to or less than the relevant threshold amount shown in the table above. **You do not have to pay the Medicare levy.** Do not write anything at item **26** on your tax return. Go to question **27**

- more than the relevant threshold amount but equal to or less than the phase-in limit. In either case, **your Medicare levy is reduced** – calculated at 10 cents for every dollar above the relevant threshold amount but at or below the phase-in limit. We will work this out for you. Go to **Medicare levy exemption categories** on the next page to see if you are entitled to an exemption.

You also do not need to complete this item if you had a spouse on 30 June 2007 (see the definition of spouse on page 77), or your spouse died during 2006–07, and the combined taxable income of you and your spouse was:

- if you are eligible for the senior Australians tax offset (see pages 53–4), more than \$33,500 but less than \$39,412 **or**
- if you are not eligible for the senior Australians tax offset, more than \$28,247 but less than \$33,232.

**Your Medicare levy is reduced.** Make sure that you complete **Spouse details – married or de facto** on page 5 of your tax return. Provide relevant details, including your spouse’s taxable income at  on that page. If your spouse had no taxable income write **0**. You must also complete **Your spouse’s name** on page 1 of your tax return. You need to complete your spouse details even if your spouse died during the income year.

We will work out your reduced Medicare levy for you. Read on to see if you are also entitled to an exemption.

### **NOTE**

If the taxable income of your spouse includes any post-June 1983 elements of an eligible termination payment where the maximum rate is zero, this amount is not included in their taxable income for Medicare levy purposes. If you are unsure of the tax rate, phone the Superannuation Infoline (see the inside back cover) for assistance. Print **SCHEDULE OF ADDITIONAL INFORMATION – ITEM 26 SPOUSE’S TAXABLE INCOME** on a separate piece of paper and write this amount. Include your name, address and tax file number. Print **X** in the **YES** box at *Taxpayer’s declaration* on page 6 of your tax return. Sign and attach your schedule to page 3 of your tax return.

If the above points do not apply, you may still be entitled to a Medicare levy exemption. Read on.

## Medicare levy exemption categories

If you were in one of the following categories you may be exempt or partially exempt from paying the Medicare levy:

- you were entitled to full free medical treatment for all conditions under defence force arrangements or Veterans' Affairs Repatriation Health Card (Gold Card) or repatriation arrangements, or
- you were a blind pensioner or you received the sickness allowance from Centrelink.

The Department of Veterans' Affairs or Centrelink will provide you with a statement or *PAYG payment summary – individual non-business* that shows you the number of days you were in a Medicare levy exemption category.

## ▶ COMPLETING THIS ITEM

**STEP 1** You qualify for a full levy exemption if you were in one of the Medicare levy exemption categories and either you did not have a spouse or your spouse was also in an exemption category, or your spouse had to pay the Medicare levy. If this is the case, go to step 2. Otherwise, go to step 3.

**STEP 2** Write the total number of days that you were in the full Medicare levy exemption category at **V** item **26** on your tax return. If the number of days you wrote at **V** is less than 365, and you were in one of the exemption categories, you may qualify for a half levy exemption for the whole or part of that other period. Go to step 3.

**STEP 3** You qualify for a half levy exemption if you were in one of the Medicare levy exemption categories and you had a spouse who was not in an exemption category and who did not have to pay the Medicare levy because of the low income earner threshold. If this is the case, go to step 4. Otherwise, go to step 5 on the next page.

**STEP 4** Write the total number of days that you are entitled to a half levy exemption from paying the Medicare levy at **W** item **26**. Go to step 5 on the next page.

## EXAMPLE 1

Rupert receives a Department of Veterans' Affairs part pension. His *PAYG payment summary – individual non-business* shows that he was in a Medicare levy exemption category for the full year – 365 days. Rupert does not have a spouse.

Rupert fills in item **26** on his tax return like this:

### 26 Medicare levy reduction or exemption

#### ! NOTE

Only certain taxpayers are entitled to a Medicare levy reduction or exemption. Read question **26** in *Retirees TaxPack 2007* to work out if you are eligible to claim.

#### Exemption categories

Full 1.5% levy exemption – number of days **V**

Half 1.5% levy exemption – number of days **W**

If you have completed item **26** and had a spouse during 2006–07 you must also complete **Spouse details – married or de facto** on page 5 of your tax return.

**EXAMPLE 2**

Dulcie is blind and receives an age pension. With her payment summary she received a statement showing that she was in a Medicare levy exemption category for 310 days. Dulcie's husband, who is eligible for the senior Australians tax offset, did not have to pay the Medicare levy because his taxable income was below \$24,867.

Dulcie fills in item **26** on her tax return like this:

**26 Medicare levy reduction or exemption**

**!** **NOTE**  
 Only certain taxpayers are entitled to a Medicare levy reduction or exemption. Read question **26** in *Retirees TaxPack 2007* to work out if you are eligible to claim.

**Exemption categories**

Full 1.5% levy exemption – number of days **V**

Half 1.5% levy exemption – number of days **W**

If you have completed item **26** and had a spouse during 2006–07 you must also complete **Spouse details – married or de facto** on page 5 of your tax return.

**STEP 5** If you had a spouse at any time during 2006–07, complete **Spouse details – married or de facto** on page 5 of your tax return. Write your spouse's taxable income at **O** on that page. If your spouse had no taxable income write **0**. You must also complete **Your spouse's name** on page 1 of your tax return. This applies even if your spouse died during the year.

**!** **NOTE**  
 Some of the amounts in this question reflect proposed changes to Medicare levy thresholds for 2006–07. At the time of printing *Retirees TaxPack 2007* these changes had not become law. The Tax Office will work out your Medicare levy, including any Medicare levy reduction, from the information you provide on your tax return. If you wish to calculate it, you can use the Medicare levy calculator on our website or the worksheet on pages 91–3.

## QUESTION 27

# 27

### MEDICARE LEVY SURCHARGE

27

MEDICARE LEVY

#### **THIS QUESTION IS COMPULSORY FOR ALL TAXPAYERS.**

#### **For the whole of 2006–07 did you and your spouse – married or de facto (if you had one) – have private patient hospital cover?**

For the definitions of private patient hospital cover, dependants, family, taxable income for Medicare levy surcharge (MLS) purposes and other relevant terms see **Explanation of terms** in the next column.

**YES**  Print **X** in the **YES** box at the right of **E** item **27** on your tax return. Make sure you have completed **Private health insurance policy details**. See page 68 for assistance. Go to **Check that your tax return is complete** on page 79.

**NO**  Print **X** in the **NO** box at the right of **E** item **27** on your tax return. Read below.

#### **STOP**

If you maintained a child under 21 years of age or a full-time student under 25 years or if you have received an amount on which family trust distribution tax has been paid, **you cannot complete your tax return using *Retirees TaxPack 2007* – see **Other ways to prepare your tax return** on page 2 for alternative ways to prepare your tax return.**

#### **For the whole of 2006–07 were you:**

- **a single person with a taxable income for MLS purposes of \$50,000 or less**

#### **OR**

- **married or in a de facto relationship and your combined taxable income for MLS purposes was \$100,000 or less?**

**NO**  You may have to pay MLS. Print **X** in the appropriate **NO** box at item **27** on your tax return. If you had a spouse during 2006–07 you may also have to complete your spouse details on page 1 of your tax return. Go to **You need to know** in the next column.

**YES**  You do not have to pay MLS for any part of the year. Print **X** in the appropriate **YES** box at item **27** on your tax return. Go to **Completing this item** on page 76.

#### **YOU NEED TO KNOW**

Individuals and families on incomes above the MLS thresholds (see the previous column) who do not have private patient hospital cover pay MLS for any period during 2006–07 that they did not have this cover.

MLS is 1% of their taxable income. It is additional to the 1.5% Medicare levy.

#### **Explanation of terms**

For MLS purposes you will need to understand the following terms:

**Private patient hospital cover** is cover provided by an insurance policy issued by a registered fund for some or all hospital treatment provided in an Australian hospital or day hospital facility. However, if you take out an insurance policy for hospital cover after 24 May 2000 that contains an 'annual front-end deductible' amount or excess of more than \$500 in the case of a policy covering only one person, and more than \$1,000 for all other policies, you will not be considered to have private patient hospital cover. The same applies to an insurance policy for hospital cover with a high front-end deductible amount or excess taken out before 24 May 2000 that ceased to provide continuous cover after that date.

If you made a payment to cover a shortfall in the cost of hospital treatment, other than the excess agreed in your policy, this is not a front-end deductible amount or an excess. Your health fund may include details of the level of front-end deductible amount or excess that applied to your policy in the private health insurance statement that it sent you.

Your health fund statement will indicate the maximum number of days that your policy may have provided an appropriate level of private patient hospital cover at **A**.

Travel insurance is not private patient hospital cover for MLS purposes. Private patient hospital cover does not include cover provided by an overseas or unregistered fund.

#### **NOTE**

To find out if your health fund is a registered health fund, contact the Private Health Insurance Administration Council or visit their website at **[www.phiac.gov.au](http://www.phiac.gov.au)**

**Ancillary cover** is commonly known as ‘extras’. Ancillary cover is **not** private patient hospital cover. It covers items such as optical, dental, physiotherapy or chiropractic treatment.

**Dependant** includes your spouse (even if they had their own income).

**Family** – we consider you to be a member of a family during any period of 2006–07 that you contributed to the maintenance of a dependant.

**Spouse** – married or de facto – if you are living separately and apart from your spouse, we treat you as not being married. (See the definition of spouse on page 77.)

**Taxable income for Medicare levy surcharge (MLS) purposes** is the total of:

- your taxable income
- your total reportable fringe benefits amounts.

The taxable income of your spouse for MLS purposes is the total of:

- your spouse’s taxable income
- your spouse’s total reportable fringe benefits amounts
- any share in the net income of a trust estate to which your spouse is presently entitled and on which the trustee of the trust is assessed under section 98 of the *Income Tax Assessment Act 1936* and which has not been included in your spouse’s taxable income
- the amount on which family trust distribution tax has been paid which your spouse would have had to show as assessable income if that tax had not been paid

less

- any post-June 1983 elements of an eligible termination payment where the maximum tax rate is zero.

A trustee is assessed under section 98 of the *Income Tax Assessment Act 1936* in relation to a presently entitled beneficiary under a legal disability. A person is under a legal disability if they are under 18 years of age as at 30 June 2007, or a bankrupt, or a person who has been declared legally incapable because of a mental condition.

**! NOTE**

If you are liable for MLS only because your spouse has shown a lump sum payment in arrears at item **19 Foreign source income and foreign assets or property** or item **22 Other income** on their tax return (supplementary section), you may be entitled to a tax offset up to the amount of MLS you have to pay. We will calculate the tax offset for you. You will need to provide additional information. Print SCHEDULE OF ADDITIONAL INFORMATION – ITEM 27 on the top of a separate piece of paper and explain that your spouse received a lump sum payment in arrears. Include your name, address, tax file number and details of your spouse. Print **X** in the **YES** box at *Taxpayer’s declaration* on page 6 of your tax return. Sign your schedule and attach it to page 3 of your tax return.

**QUESTION** *When don’t you have to pay MLS?*

**ANSWER** You do not have to pay MLS if you were in an exemption category for the whole of 2006–07 and you did not have any dependants or, if you had dependants, they were also all in an exemption category and/or they all had private patient hospital cover for the whole of 2006–07.

For more information on the exemption categories for the Medicare levy, read page 71. If the paragraph above applies to you, go to **Completing this item** on page 76.

You do not have to pay MLS if you had private patient hospital cover for the whole of 2006–07 and:

- you did not have any dependants, or
- if you had dependants, they also all had private patient hospital cover for the whole of 2006–07 and/or they were all in an exemption category.

If this applies, go to **Completing this item** on page 76.

You do not have to pay MLS for the full year if you had private patient hospital cover for part of the year and:

- you and your dependants, if any, were not in an exemption category at any time during 2006–07, and
- your taxable income or combined taxable income for MLS purposes was above the relevant threshold.

However, you must pay MLS for the number of days you or any of your dependants did not have private patient hospital cover. **Examples 1** and **2** on the next page may help you work this out. Go to **Completing this item** on page 76.

## EXAMPLE 1: Part-year private patient hospital cover

Ashley is not married and in 2006–07 he had a taxable income for Medicare levy surcharge (MLS) purposes of \$59,000. He was not in a Medicare levy exemption category at any time during the year.

Ashley took out private patient hospital cover on 15 December 2006. Because Ashley's taxable income was above the single person surcharge threshold of \$50,000 and he did not have private patient hospital cover for the full year he will have to pay the MLS for the part of the year that he did not have private patient hospital cover.

Ashley will **not** have to pay MLS for the time he had private patient hospital cover – 15 December 2006 to 30 June 2007 (198 days).

Ashley will write the number of days in 2006–07 that he is **not** liable for MLS – **198** – at **A** item **27** on his tax return and complete **Private health insurance policy details**.

## EXAMPLE 2: Part-year liability

Kathy and Mark have been married for a number of years. Kathy and Mark were not in a Medicare levy exemption category at any time during the year. Kathy was covered by private patient hospital cover for the full income year. Mark had his name added to the policy on 10 December 2006.

Kathy and Mark had a combined taxable income for MLS purposes of \$115,000. Because not everyone was covered for the period 1 July 2006 to 9 December 2006, Kathy and Mark are both liable for MLS for this period – 162 days. Kathy and Mark would both write the number of days in 2006–07 that they were **not** liable for MLS – **203** – at **A** item **27** on their tax returns and complete **Private health insurance policy details**.

### QUESTION *When do you have to pay MLS?*

**ANSWER** You will have to pay MLS for any period during 2006–07 that you or any of your dependants did **not** have private patient hospital cover **and** you were:

- a single person with a taxable income for MLS purposes of more than \$50,000, or
- a member of a family and the combined taxable income for MLS purposes of you and your spouse (if you had one for the whole of 2006–07) was above \$100,000.

### ! NOTE

If your spouse died during the year and you did not have another spouse before the end of the year, we consider you to have had a spouse until the end of the year and you retain the benefit of the family surcharge threshold.

It is possible that both the single and family surcharge thresholds applied to you at different periods during 2006–07 because your circumstances changed during the year – see the question **What if your circumstances changed during the year?** below. However, if only one of the surcharge thresholds – single or family – applied to you for the whole of 2006–07 and:

- your taxable income or combined taxable income for MLS purposes **did not exceed** this threshold, you are not liable for MLS for part of the year. Go to **Completing this item** on the next page. Otherwise, read on
- your and your spouse's combined taxable income for MLS purposes **exceeded** the family surcharge threshold but your own taxable income for MLS purposes **did not exceed** \$16,740, you are not liable for MLS for any part of the year. (This amount reflects a proposed change to the law for 2006–07 which at the time of printing *Retirees TaxPack* had not become law.) However, your spouse may still be liable for MLS. Go to **Completing this item** on the next page. Otherwise, read on
- your taxable income or combined taxable income for MLS purposes **exceeded** this threshold then you will have to pay MLS for the whole of the 2006–07 income year if for the whole of 2006–07 you or any of your dependants:
  - did not have private patient hospital cover and
  - were not in one of the Medicare levy exemption categories on page 71.
 Go to **Completing this item** on the next page.

### QUESTION *What if your circumstances changed during the year?*

**ANSWER** If you had a new spouse or you separated from your spouse, or you became or ceased to be a sole parent, both the single and the family surcharge thresholds may apply to you for different periods.

To work out if you were liable for the MLS for any period during 2006–07 that you:

- were single (that is, you had no spouse) – apply the single surcharge threshold of \$50,000 to your own taxable income for MLS purposes
- had a spouse – apply the family surcharge threshold of \$100,000 to your own taxable income for MLS purposes (**example 3** may help you).

**EXAMPLE 3: Spouse for part of the year**

Sally separated from Adrian on 12 October 2006 and stayed single. Neither Sally nor Adrian had any dependent children. Sally and Adrian were dependants of each other for Medicare levy surcharge (MLS) purposes only for the period they were together. For 2006–07, Adrian’s taxable income for MLS purposes was \$45,000 and Sally’s taxable income for MLS purposes was \$60,000. Sally and Adrian did not have private patient hospital cover at any time during 2006–07.

As they are considered to be a family for the period 1 July 2006 to 12 October 2006, they are each entitled to the family surcharge threshold of \$100,000 for this period. For the period 1 July 2006 to 12 October 2006, Sally is not liable for MLS as her taxable income for MLS purposes of \$60,000 was under the family surcharge threshold. Adrian is also not liable for MLS for this period as his taxable income for MLS purposes of \$45,000 was also under the family surcharge threshold.

For the period 13 October 2006 to 30 June 2007 – 261 days – the single person surcharge threshold of \$50,000 applies to both of them. For this period, Adrian is not liable for MLS because he had a taxable income for MLS purposes of \$45,000.

Adrian will write **365** at **A** item **27** on his tax return.

Sally is liable to pay MLS for the period 13 October 2006 to 30 June 2007 – 261 days – because her taxable income for MLS purposes was \$60,000. Sally will write **104**, the number of days in 2006–07 that she is **not** liable for MLS at **A** item **27** on her tax return.

The address shown on the pre-addressed envelope is the official lodgment address. If you post your tax return to an address other than this, you may experience delays.

Only use this envelope for lodging your tax return (and its attachments) or a non-lodgment advice. Do not use it to send correspondence intended for other Tax Office locations (these are listed with their addresses on pages 95–6).

If you did not receive an envelope with your *Retirees TaxPack 2007*, or you have misplaced it, post your tax return in a business-sized envelope to:

**Australian Taxation Office  
GPO Box 9845  
IN YOUR CAPITAL CITY**

The address must appear on your envelope exactly as shown above. Do not replace the words **IN YOUR CAPITAL CITY** with the name of your capital city and its postcode – because of a special agreement with Australia Post, they are not needed if posted within Australia.

### LODGING FROM OVERSEAS

To lodge a paper tax return from outside Australia, use the pre-addressed envelope with the following alteration:

cross out **IN YOUR CAPITAL CITY** and replace with

**SYDNEY NSW 2001  
AUSTRALIA**

It will assist us if you cross out the barcode above the address.

Alternatively, you can lodge your *Tax return for individuals 2007* online using e-tax – go to [www.ato.gov.au](http://www.ato.gov.au) for more information. Most refunds are issued within 14 days.

#### ! NOTE

Before you lodge your tax return, make sure you have read **Self-assessment—it's your responsibility** on page 11.

### WHAT HAPPENS AFTER YOU LODGE YOUR TAX RETURN?

We process your tax return and send you a notice of assessment.

Your notice of assessment is an itemised account of the amount of income tax you owe on your taxable income, taking into account any tax offsets to which you are entitled. Your notice of assessment also contains other details which are not part of the assessment, such as the amount of credit for tax you have already paid through the year.

When you receive your notice of assessment check it to make sure that everything is correct.

Unless you are using electronic funds transfer, the bottom section of your notice of assessment will be either your refund cheque or, if you owe tax, your payment advice.

## WHAT IF YOU MADE A MISTAKE OR YOU THINK YOUR ASSESSMENT IS WRONG?

If you realise that you did not include something on your tax return that you should have, or there is some other error on your tax return, you need to correct it as soon as possible by requesting an amendment.

To request an amendment, write a letter to us.

In the letter provide your name, address, phone number, tax file number and information about what you want to amend. Include:

- the year shown on the tax return you want to amend – for example, 2007
- the item number on the tax return and a description of the change
- the amount of income or deductions to be added or taken away, if relevant
- the amount of tax offsets to be increased or decreased, if relevant
- the claim type code – if one applies to the item you are changing
- an explanation of why you made the mistake
- a declaration as follows: 'I declare that all the information I have given in this letter, including any attachments, is true and correct.'
- the date, and
- your signature.

It is very important that your letter explains why you made the mistake, so that we can assess any penalty or interest charge correctly. Make sure you attach to your letter any additional information that applies to your amendment.

### IS THERE ANY TIME LIMIT FOR YOU TO REQUEST AN AMENDMENT?

If you are eligible for a two-year amendment period, you must request an amendment within two years of the date the Commissioner issued your notice of assessment. If a four-year amendment period applies to you, you must request an amendment within four years (see page 11 for more information).

### WILL YOU HAVE TO PAY A PENALTY?

If, after lodging your tax return, you voluntarily tell us that you made a mistake and the amendment will result in you paying more tax, we will, in most cases, impose a lower penalty than we would otherwise have imposed.

If you made a mistake because we stated the law incorrectly in *Retirees TaxPack 2007*, we won't charge you a penalty or interest, or ask you to pay the extra tax.

If any other information in *Retirees TaxPack 2007* is incorrect and as a result you do not pay enough tax, we may ask you to pay the extra tax. However, we will not charge you a penalty or interest.

If our advice in *Retirees TaxPack 2007* is misleading and you make a mistake as a result, we must still apply the law correctly. If that means you owe us money, we must ask you to pay it. However, we will not charge you a penalty or interest if you acted reasonably and in good faith.

If you make an honest mistake when you try to follow our advice and you owe us money as a result, we will not charge you a penalty. However, we will ask you to pay the money, and we may also charge you interest.

### WHERE DO YOU SEND YOUR AMENDMENT REQUEST?

**Post your letter and attachments to the tax office that sent your notice of assessment.** Keep a copy of your letter for your records. Do not send in another tax return unless we ask you to.

### WHAT IF YOU THINK YOUR ASSESSMENT IS WRONG?

Check all the details on your notice of assessment with those on your tax return. If you think there is a problem, phone the Personal Infoline (see the inside back cover) for help. You will need your notice of assessment and, if possible, a copy of your tax return.

### WHAT IF YOU STILL THINK YOUR ASSESSMENT IS WRONG?

You can write to us and object to your assessment. If you want to object to your assessment, see the fact sheet on how to lodge an objection on our website or to find out how to get a printed copy, see the inside back cover.

Generally, you must lodge your objection within the two-year or four-year amendment period, whichever applies to you. For more information, visit [www.ato.gov.au/notices](http://www.ato.gov.au/notices)

## ASKING ABOUT YOUR ASSESSMENT OR OTHER TAX AFFAIRS

If you have an enquiry about your tax assessment or other tax affairs, you can contact us.

### IT'S EASIER BY PHONE

When you phone we will ask you to provide information to prove your identity – for example, details from a recent notice of assessment. Note that if we ask you to provide your tax file number (TFN), this is not compulsory.

If you want a representative to phone on your behalf, you must provide authorisation to us beforehand. Your representative will need to quote this authorisation and provide information to prove their identity.

This requirement is to protect your privacy.

### Phone tips

If you are phoning us, the following tips will help you to get quicker and more efficient service:

- see the inside back cover for the correct phone number to use
- avoid phoning during the busy times. The busiest times are Mondays, the days after public holidays, and between 10.00am and 2.00pm each day
- your call will be placed in a queue and answered by the first available operator. Do not hang up. If you hang up and redial, you will be placed at the end of the queue
- have near the phone *Retirees TaxPack 2007* and any taxation documents you want to talk about. Have a pen and paper handy so you can take down any relevant information
- check that it is the Tax Office that you need to contact. Our contact details will be included on any official documents or letters we send you.

### IF YOU WRITE

Provide your full name and address. Provide your phone number if it is convenient. You could include your TFN, but it is not compulsory. Remember to sign the letter.

### IF YOU VISIT

If you prefer to make your enquiry in person, we request that you make an appointment by phone. The number to phone for an appointment is **13 28 61**. Bring along your most recent notice of assessment. If you do not have a notice of assessment, you may quote your TFN (but this is not compulsory) or bring a letter from the Tax Office. You should also bring some identification that has your photograph, such as your drivers licence or passport.

If you want a representative to visit on your behalf, they must show a letter of authorisation and provide proof of their identity.

## PRIVACY AND ACCESS TO INFORMATION

### COLLECTING YOUR TAX INFORMATION

The Tax Office is authorised by the *Taxation Administration Act 1953* to request you to quote your tax file number (TFN). It is not an offence not to quote your TFN. However, your assessment may be delayed if you do not quote your TFN.

The Tax Office is also authorised by the *Income Tax Assessment Act 1936*, the *Income Tax Assessment Act 1997* and the *A New Tax System (Family Assistance) (Administration) Act 1999* to ask for the other information on your tax return. We need this information to help us to administer the tax laws.

### WHO ELSE CAN WE GIVE YOUR TAX INFORMATION TO?

We can give your information to some government agencies specified in tax law, for example:

- benefit payment agencies such as Centrelink, the Department of Education, Science and Training, and the Department of Families, Community Services and Indigenous Affairs
- law enforcement agencies such as state and federal police
- other agencies such as the Child Support Agency and the Australian Bureau of Statistics.

This disclosure is usually to check eligibility for government benefits, for law enforcement purposes or for collecting statistics. Any further use of your information by these agencies is also controlled by law. We can also disclose your information in performing our duties under the tax laws.

Otherwise, we can give your information only to you or to someone you have appointed to act for you.

### Reserve Bank of Australia

If you receive a refund cheque with your notice of assessment, details of your refund are provided to the Reserve Bank of Australia to assist in clearing your cheque.

### HOW DO WE PROTECT YOUR TAX INFORMATION?

The tax laws contain secrecy provisions that prohibit officers (including employees and contractors) of the Tax Office or of any other government agency from improperly accessing, recording or disclosing anyone's tax information. These provisions allow

officers to disclose information in performing their duties and in certain other specified circumstances. A person can be fined up to \$11,000 and sentenced to two years in prison for breaking these provisions.

In addition, the *Privacy Act 1988* protects personal information held by federal government agencies. It also protects TFNs, no matter who holds them.

### WHO CAN ASK FOR YOUR TFN?

Only certain people and organisations can ask you for your TFN. These include employers, some federal government agencies, trustees for superannuation funds, higher education institutions and investment bodies such as banks.

You do not have to give your TFN but there may be consequences if you do not – for example, if you are applying for a government benefit and you do not give your TFN, you may not be paid the benefit.

### DO YOU NEED MORE INFORMATION?

If you need more information about how the tax laws protect your personal information or have any concerns about how we have handled your personal information, phone the Personal Infoline (see the inside back cover).

If you are unable to resolve your concerns with us about how we have handled your personal information, you can contact the Office of the Privacy Commissioner by visiting their website at [www.privacy.gov.au](http://www.privacy.gov.au) or by phoning their privacy hotline on **1300 363 992**.

### FREEDOM OF INFORMATION

The *Freedom of Information Act 1982* (FOI Act) gives you the right to see your tax return and other documents – for example, payment summaries and notices of assessment. In some circumstances this information may be provided free of charge, but usually there is a charge to cover the time and expense involved in getting the information for you. We suggest you phone the Personal Infoline (see the inside back cover) before you ask for information under the FOI Act.

**Keep copies of your tax returns, as a request for a copy from us may involve a charge.**

## PAYING YOUR TAX DEBT

### HOW DO YOU KNOW HOW MUCH YOU HAVE TO PAY?

Your notice of assessment will tell you how much tax you have to pay, if any, and when you must pay to avoid being charged interest for late payment.

### WHEN DO YOU PAY YOUR TAX DEBT?

You must lodge your income tax return by 31 October 2007, unless you have been given a deferral of time to lodge, or your tax return is being prepared by a registered tax agent. If you did not use a tax agent last year but intend to do so this year – or you will be using a different tax agent this year – make sure you contact the agent before 31 October 2007.

If you lodge your tax return on time, any tax payable will be due the later of:

- 21 days after you receive your notice of assessment, or
- 21 days after your tax return was due to be lodged.

If you:

- prepare your own tax return and it is lodged by 31 October 2007, any tax payable will be due no earlier than 21 November 2007
- have contacted the Tax Office and have been given a deferral of time to lodge your tax return, any tax payable will be due no earlier than 21 days after the deferred date for lodgment.

If you do not lodge your tax return on time, the law treats any tax payable as being due for payment 21 days after your tax return was due for lodgment, irrespective of the date you lodged it or are advised of the debt.

General interest charge (GIC) will accrue on any amount that is not paid by the due date for payment.

### WHAT IF YOUR TAX DEBT IS INCREASED BECAUSE YOUR ASSESSMENT IS AMENDED?

Where your assessment is amended and the tax payable increased, the due date for payment of the additional tax is 21 days after the Commissioner gives your notice of amended assessment to you.

You will also be liable to pay a shortfall interest charge (SIC) from the due date of your original assessment to the day before the issue of the notice of amended assessment. Where your original assessment did not have a due date because there was no tax payable, the SIC is calculated from the day tax would have been payable if there had been any tax due. The SIC will also be due 21 days after the Commissioner gives your notice of amended assessment to you.

GIC will continue to apply to any unpaid amount of the amended assessment, including the SIC, after the due date for the amended assessment.

### WHERE DO YOU PAY YOUR TAX DEBT?

We do not accept payments over the counter at Tax Office shopfronts. Information about payment options is on the back of your notice of assessment. If you need more information, phone **1800 815 886** (8.00am to 6.00pm EST).

The Tax Office does not accept payment by credit card.

### DO YOU HAVE TO PAY YOUR TAX IF YOU DON'T AGREE WITH THE ASSESSMENT?

You must pay your tax on time even if you have lodged an objection or asked for an amendment. If the objection is decided in your favour, you will normally receive a refund of the amount you have overpaid plus interest.

### WHAT IF YOU CANNOT PAY YOUR TAX DEBT ON TIME?

If you cannot pay your tax debt on time, contact us immediately on **13 11 42** to discuss your situation. Depending on your circumstances, you may be able to:

- defer the payment, or
- enter into an arrangement to pay by instalments.

In some circumstances you may need to provide written details of your financial position, including a statement of your assets and liabilities and details of your income and expenditure.

We also need to understand what steps you have taken to obtain funds to pay your tax and what steps you are taking to make sure you pay future tax debts on time.

If we agree to defer the time for payment, general interest charge (GIC) will not apply until after the deferred date for payment. Alternatively, if we allow you to pay by instalments, we will charge you GIC on the outstanding balance from the original due date.

You can claim any interest we charge as a tax deduction in the income year in which it is incurred. In addition you can request a remission of all or part of the interest. Phone us on **13 11 42** if you would like to request a remission.

### **WHAT IF PAYMENT WILL CAUSE YOU SERIOUS HARDSHIP?**

Serious hardship exists when you are unable to provide food, accommodation, clothing, medical treatment, education and other necessities for yourself, your family or other people for whom you are responsible. If you are suffering from hardship, you can apply for a release from payment of your tax debt. For more information and an application form, phone us on **13 11 42**.

## DEALING WITH THE TAX OFFICE

### It is important that you are aware of both your rights and your obligations when dealing with us.

When we make a decision about your tax affairs, we will tell you about your rights and obligations in relation to that decision. We will give you contact details in case you have any queries or need more information.

We also have a charter which sets out the way we conduct ourselves when dealing with you. There is information under 'Your rights' on our website. See the inside back cover to find out how to get a printed copy of the *Taxpayers' charter – what you need to know* (NAT 2548).

## WORKING OUT YOUR TAX REFUND OR TAX DEBT

You do not have to work out your tax refund or tax debt. We will work it out from the information you provide on your tax return and advise you of the result on your notice of assessment.

If you do want to work out your tax refund or tax debt for your own purposes you can:

- use the tax calculators on our website at [www.ato.gov.au](http://www.ato.gov.au) or
- follow the instructions on the following pages.

There are some situations where you cannot work out your tax refund or tax debt because the calculation is too complex to explain here. These are situations where you:

- had income subject to capital gains tax
- are entitled to the unused portion of your spouse's senior Australians or pensioner tax offset.

You need to work out the following amounts if they apply to you.

- Tax on taxable income – see part 1.
- Low income tax offset – see part 2.
- Senior Australians or pensioner tax offset – see part 3.
- Mature age worker tax offset – see part 4.
- Medicare levy – see part 5.
- Medicare levy surcharge – see part 6.

### NOTE

**Do not write on your tax return any of the amounts you work out here.**

### PART 1

#### Tax on taxable income

**Table 1.1** shows the income tax rates. To work out your tax, first identify your taxable income range in column (a), and note the corresponding tax bracket threshold (b), the tax due on that threshold amount (c) and the marginal tax rate (d).

Transfer the amounts (b), (c) and (d) which apply to you, from **table 1.1** to (b), (c) and (d) in **worksheet 1.1**, and follow the steps in that worksheet.

**TABLE 1.1: Income tax rates**

Taxable income	Tax bracket threshold	Tax due on threshold amount	Marginal tax rate on amount above threshold
(a)	(b)	(c)	(d)
\$1 to \$6,000	\$0	\$0	Nil
\$6,001 to \$25,000	\$6,000	\$0	0.15
\$25,001 to \$75,000	\$25,000	\$2,850	0.30
\$75,001 to \$150,000	\$75,000	\$17,850	0.40
\$150,001 and over	\$150,000	\$47,850	0.45

In the example in **worksheet 1.1**, Sam had a taxable income of \$28,682. So he looks up the row in **table 1.1** which applies to his taxable income (\$25,001 to \$75,000) and works out his **tax on taxable income** as shown.

#### WORKSHEET 1.1: Working out your tax on taxable income

	Sam's	Yours
Your taxable income (from item 18 on your tax return)	\$28,682 (a)	\$
Your tax bracket threshold amount: (b) from <b>table 1.1</b>	\$25,000 (b)	\$
Tax on that threshold amount: (c) from <b>table 1.1</b>	\$2,850 (c)	\$
Marginal tax rate on amount above threshold: (d) from <b>table 1.1</b>	0.30 (d)	
Amount of income above threshold: take (b) away from (a).	\$3,682 (e)	\$
Tax on income above threshold: multiply (e) by (d).	\$1,104.60 (f)	\$
Add (c) and (f).	\$3,954.60 (g)	\$
The amount at (g) is your <b>tax on taxable income</b> .		

Transfer your **tax on taxable income** to step 1 on the **FINAL WORKSHEET** on page 94.

## PART 2

### Low income tax offset

You are entitled to the low income tax offset if your taxable income is less than \$40,000.

You get the maximum tax offset of \$600 if your taxable income is \$25,000 or less. The tax offset reduces by 4 cents for each dollar of taxable income over \$25,000.

If your taxable income is more than \$25,000 but less than \$40,000, use **worksheet 2.1** to work out your tax offset.

#### WORKSHEET 2.1: Working out your low income tax offset

Maximum tax offset (a)	\$	600
Your taxable income (from item 18 on your tax return) (b)	\$	
Threshold at which tax offset reduces (c)	\$	25,000
Take (c) away from (b). (d)	\$	
Multiply (d) by 0.04. (e)	\$	
Take (e) away from (a). (f)	\$	
The amount at (f) is your <b>low income tax offset</b> if it is more than zero.		

Transfer your **low income tax offset** to step 2 on the **FINAL WORKSHEET** on page 94.

## PART 3

### Senior Australians or pensioner tax offset (from item 20 or 21 on your tax return)

If you completed item 20 to claim the senior Australians tax offset, or item 21 to claim the pensioner tax offset, you can work out the amount of your tax offset. You need to refer to the **tax offset code letter** you showed at either item 20 or 21 on your tax return. **Table 3.1** shows the taxable income thresholds that apply for your tax offset code letter.

You can work out your tax offset at step 1. **However**, if any of the following situations applies to you, you will not be able to work out your tax offset here.

- If you are eligible for the pensioner tax offset and you used tax offset code letter:
  - S, Q, I or J** and your pension was more than \$13,356, or
  - P** and your pension was more than \$11,154 then your actual maximum tax offset may be higher than your maximum tax offset (d) in **table 3.1**, and you may get a tax offset if your taxable income was more than the upper taxable income threshold (c) in **table 3.1**.

- If your taxable income is between the lower taxable income threshold (b) and the upper taxable income threshold (c) in **table 3.1**, and an unused portion of your spouse's senior Australians or pensioner tax offset is available for transfer to you, you may receive a higher tax offset.
- If your taxable income is equal to or more than the upper taxable income threshold (c) in **table 3.1**, you may still qualify for a tax offset from the transfer of any unused portion of your spouse's senior Australians or pensioner tax offset to you, if applicable.

If these situations apply, you could use the calculators on our website to work out your tax offset. Whether or not you can calculate your tax offset here, we will work out the optimum tax offset which applies for you, and show that on your notice of assessment.

**STEP 1** Find in column (a) in **table 3.1** the row with the tax offset code letter that you showed at item 20 or 21 on your tax return.

**STEP 2** Refer to the row with your tax offset code letter in **table 3.1** to determine whether you are entitled to a tax offset.

- If your taxable income is equal to or more than the amount at (c) you will not get a tax offset.
- If your taxable income is equal to, or less than, the amount at (b), you may get up to the maximum tax offset shown at (d).
- If your taxable income is more than the amount at (b) and less than the amount at (c) in **table 3.1**, transfer the amounts (b) and (d) from **table 3.1** to (b) and (d) in **worksheet 3.1** to work out your tax offset.

**TABLE 3.1: Senior Australians and pensioner tax offset thresholds**

(a)	(b)	(c)	(d)
Your tax offset code letter	Lower taxable income threshold	Upper taxable income threshold	Maximum tax offset
A	\$24,867	\$42,707	\$2,230
B, C	\$23,600	\$39,920	\$2,040
D, E	\$20,680	\$33,496	\$1,602
S, Q, J	\$19,454	\$35,598	\$2,018
I	\$18,527	\$33,559	\$1,879
P	\$16,147	\$28,323	\$1,522

**STEP 3** Work out your tax offset using **worksheet 3.1****WORKSHEET 3.1: Working out your senior Australians or pensioner tax offset**

Your taxable income (from item <b>18</b> on your tax return) (a)	\$
Lower taxable income threshold: (b) from <b>table 3.1</b> (b)	\$
Take (b) away from (a). (c)	\$
Maximum tax offset: (d) from <b>table 3.1</b> (d)	\$
Divide (c) by 8. (e)	\$
Take (e) away from (d). (f)	\$
The amount at (f), if it is more than zero, is your <b>senior Australians or pensioner tax offset</b> .	

Transfer your **senior Australians or pensioner tax offset** to step 2 on the **FINAL WORKSHEET** on page 94.

**PART 4****Mature age worker tax offset**

To be eligible for the mature age worker tax offset you must have:

- had net income from working within certain limits
- been an Australian resident on 30 June 2007, and
- been aged 55 years or older on 30 June 2007.

The maximum mature age worker tax offset is \$500. To calculate your tax offset you need to work out your **net income from working**.

**STEP 1** Work out your net income from working using **worksheet 4.1**. You will need to transfer certain amounts from your tax return.

**WORKSHEET 4.1: Working out your net income from working**

If any of the amounts listed below do not apply to you, write **0** in the appropriate box.

<b>Total income from working</b>	
Salary or wages ( <b>C</b> item 4) (a)	\$
Total reportable fringe benefits amounts ( <b>W</b> item 6) (b)	\$
Add (a) and (b). (c)	\$
<b>Related deductions</b>	
Subscriptions ( <b>E</b> item 11) (d)	\$
<b>Net income from working</b>	
Take (d) away from (c). (e)	\$
The amount at (e) is your net income from working. This amount can be zero or a negative amount.	

**STEP 2** Use **table 4.1** to find out what you need to do to work out your mature age worker tax offset.

**TABLE 4.1**

Your net income from working: (e) from <b>worksheet 4.1</b>	Your mature age worker tax offset	Action required
\$0 or a negative amount	Nil	None. You are not entitled to the mature age worker tax offset. You have finished part 4.
\$1 to \$9,999	5% of your net income from working	Go to <b>worksheet 4.2</b> .
From \$10,000 to \$53,000	\$500	This is your <b>mature age worker tax offset</b> . Write <b>\$500</b> at step 2 on the <b>FINAL WORKSHEET</b> on page 94. You have finished part 4.
More than \$53,000 but less than \$63,000	Reduced by 5 cents per dollar over \$53,000	Go to <b>worksheet 4.3</b> .
\$63,000 and above	Nil	None. You are not entitled to the mature age worker tax offset. You have finished part 4.

**WORKSHEET 4.2: Working out your mature age worker tax offset – net income from working from \$1 to \$9,999**

## PART 5

### Medicare levy (from item 26 on your tax return)

#### STEP 1 Work out your basic Medicare levy.

The basic Medicare levy you pay depends on the amount of your taxable income and whether you are eligible for the senior Australians tax offset or the pensioner tax offset.

- If you are eligible for the senior Australians tax offset, use column 1 in **worksheet 5.1**.
- If you are eligible for the pensioner tax offset, use column 2 in **worksheet 5.1**.
- If you are not eligible for either of those tax offsets, use column 3 in **worksheet 5.1**.

#### WORKSHEET 5.1: Working out your basic Medicare levy

	Column 1	Column 2	Column 3
	<b>Eligible for the senior Australians tax offset</b>	<b>Eligible for the pensioner tax offset</b>	<b>Not eligible for either of those tax offsets</b>
When your taxable income (from item 18 on your tax return) is below a specified lower threshold, you pay no Medicare levy.			
<b>Lower taxable income threshold</b>			
(a)	\$ 24,867	\$ 21,637	\$ 16,740
If your taxable income is equal to or less than your threshold at (a), you pay no Medicare levy. You have finished part 5.			
When your taxable income is above a specified upper threshold, you pay Medicare levy at the rate of 1.5% of your taxable income.			
<b>Upper taxable income threshold</b>			
(b)	\$ 29,255	\$ 25,455	\$ 19,694
If your taxable income is equal to or more than your threshold at (b), use the following to work out your basic Medicare levy:			
Your taxable income (c)	\$	\$	\$
Multiply (c) by 0.015. (d)	\$	\$	\$
The amount at (d) is your basic Medicare levy. Go to step 2.			
When your taxable income is between the lower and upper threshold at (a) and (b) above, you pay Medicare levy at the rate of 10% on that part of your taxable income above the lower threshold.			
Use the following to work out your basic Medicare levy:			
Your taxable income (e)	\$	\$	\$
Your lower threshold (f)	\$ 24,867	\$ 21,637	\$ 16,740
Take (f) away from (e). (g)	\$	\$	\$
Multiply (g) by 0.10. (h)	\$	\$	\$
The amount at (h) is your basic Medicare levy. Go to step 2.			

#### EXAMPLE 5.1

- Cecilie is eligible for the senior Australians tax offset, so she uses column 1.  
Cecilie's taxable income is \$24,000. It is less than the \$24,867 threshold in column 1. She pays no Medicare levy.
- Joel is not eligible for the senior Australians tax offset nor the pensioner tax offset, so he uses column 3.  
Joel's taxable income is \$40,000. It is above the \$16,740 threshold in column 3. His basic Medicare levy is:  
 $\$40,000 \times 1.5\% = \$600$ .
- Peter is eligible for the pensioner tax offset, so Peter uses column 2.  
Peter's taxable income is \$25,000. It is between the \$21,637 and \$25,455 thresholds in column 2. His basic Medicare levy is:  
 $(\$25,000 - \$21,637) \times 10\% = \$336.30$ .

#### STEP 2 Did you claim a Medicare levy reduction or exemption?

If you claimed a Medicare levy reduction or exemption at item 26, go to step 3.

If you did not claim a Medicare levy reduction or exemption, your Medicare levy is the amount at (d) or (h) at **worksheet 5.1**. Transfer that amount to step 4 on the **FINAL WORKSHEET** on page 94. You have finished part 5.

#### STEP 3 Did you claim a Medicare levy reduction?

If you claimed a Medicare levy reduction at item 26, go to step 4.

If you did not claim a Medicare levy reduction but claimed only an exemption at item 26 **(V)** or **(W)**, or both), transfer your basic Medicare levy (d) or (h) from **worksheet 5.1** directly to (q) at step 7 on page 93.

#### STEP 4 Work out whether you are entitled to the family reduction amount.

If you had a spouse on 30 June 2007 or your spouse died during 2006–07, your family income is the combined taxable income of you and your spouse.

If you did not have a spouse on 30 June 2007 and you were eligible for a reduced Medicare levy based on family income, your family income is your taxable income (item 18 on your tax return).

To complete step 4, find the lower and upper income limits that apply to your circumstances in **table 5.1**.

**TABLE 5.1: Family income table for 2006–07**

Number of dependent children and students	Lower income limit	Upper income limit
If you were eligible for the <b>senior Australians tax offset</b>		
0	\$ 33,500	\$ 39,411
1	\$ 36,094	\$ 42,463
2	\$ 38,688	\$ 45,515
Increment	\$ 2,594	\$ 3,051
If you were <b>not eligible</b> for the <b>senior Australians tax offset</b>		
0	\$ 28,247	\$ 33,231
1	\$ 30,841	\$ 36,283
2	\$ 33,435	\$ 39,335
Increment	\$ 2,594	\$ 3,051

If you had more than two children who were dependants or students, you can extend this table. Increase the relevant lower and upper income limits by the appropriate increment for each additional child or student.

If your family income was less than or equal to your lower income limit, you do not pay the Medicare levy. You have finished part 5.

If your family income was greater than your lower income limit but less than or equal to your upper income limit, you pay a reduced Medicare levy.

The worksheets at the following steps show you how to work out the amount of reduced Medicare levy you pay.

**EXAMPLE 5.2**

Trevor, who is not eligible for the senior Australians tax offset, had two dependent children and a spouse on 30 June 2007. His taxable income was \$21,000 and his spouse's taxable income was \$17,000 – a family income of \$38,000. His family income is between the lower and upper family income limits in **table 5.1**. His basic Medicare levy is \$315.00, from **worksheet 5.1**. Go to step 5 to see how Trevor works out his Medicare levy.

**STEP 5** Work out your family reduction amount and your share of it.

**WORKSHEET 5.2: Calculating your family reduction amount**

	Trevor	You
Family income	\$38,000	(a) \$
Lower income limit from <b>table 5.1</b>	\$33,435	(b) \$
Take (b) away from (a).	\$4,565	(c) \$
Multiply (b) by 0.015.	\$501.52	(d) \$
Multiply (c) by 0.085.	\$388.02	(e) \$
Take (e) away from (d).	\$113.50	(f) \$

The amount at (f) is your family reduction amount.

If your spouse's taxable income was less than \$16,741, go directly to step 6 to work out your reduced Medicare levy.

If your spouse's taxable income was \$16,741 or more, you will share the family reduction amount shown in **worksheet 5.3**.

**WORKSHEET 5.3: Calculating your share of the family reduction amount**

	Trevor	You
Family reduction amount (f) from <b>worksheet 5.2</b>	\$113.50	(g) \$
Taxable income (from item <b>18</b> on your tax return)	\$21,000	(h) \$
Multiply (g) by (h).	\$2,383,500	(i) \$
Family income (a) from <b>worksheet 5.2</b>	\$38,000	(j) \$
Divide (i) by (j).	\$62.72	(k) \$

The amount at (k) is your share of the family reduction amount.

Your family reduction amount is unlikely to be more than your basic Medicare levy from step 1. If it is, your Medicare levy will be reduced to zero, and any excess family reduction amount may be transferred to reduce your spouse's basic Medicare levy. If this applies to you, you will not pay any Medicare levy, and you have finished part 5.

Similarly, it is possible that your spouse has an excess family reduction amount which can be transferred to you. To determine whether that is the case, proceed with **worksheet 5.4**.

## WORKSHEET 5.4: Calculating your share of the family reduction amount after a transfer from your spouse

### Calculating your spouse's share of the family reduction amount

	Trevor		You
Your spouse's basic Medicare levy using step 1	\$26.00	(aa)	\$
Your family reduction amount (f) from <b>worksheet 5.2</b>	\$113.50	(f)	\$
Your share of the family reduction amount (k) from <b>worksheet 5.3</b>	\$62.72	(k)	\$
Take (k) away from (f).	\$50.78	(bb)	\$

The amount at (bb) is your spouse's share of the family reduction amount.

### Transfer of any excess family reduction amount from your spouse

Take (aa) away from (bb).	\$24.78	(l)	\$
If (l) is zero or a negative amount, your spouse does not have an excess family reduction amount. Go to step 6 and use the amount at (k) for that step. Otherwise, the amount at (l) is the excess family reduction amount transferred to you from your spouse.			
Add (k) and (l).	\$87.50	(m)	\$

The amount at (m) is your new share of the family reduction amount after the transfer.

## STEP 6 Work out your reduced Medicare levy.

	Trevor		You
Your basic Medicare levy from (d) or (h) <b>worksheet 5.1</b>	\$315.00	(n)	\$
Your family reduction amount (f), (k) or (m) as applicable, from <b>worksheets 5.2, 5.3 or 5.4</b> respectively	\$87.50	(o)	\$
Take (o) away from (n).	\$227.50	(p)	\$
The amount at (p) is your reduced <b>Medicare levy</b> .			

If you claimed an exemption and completed item **26** (**V** or **W**, or both) on your tax return, go to step 7.

Otherwise, transfer your reduced **Medicare levy** to step 4 on the **FINAL WORKSHEET** on page 94. You have finished part 5.

## STEP 7 Work out your exemption amount and your Medicare levy.

Your reduced Medicare levy: (p) from step 6 or your basic Medicare levy: (d) or (h) from <b>worksheet 5.1</b>	(q)	\$
Number of days at <b>V</b> item <b>26</b> on your tax return	(r)	\$
Multiply (q) by (r).	(s)	\$
Divide (s) by 365.	(t)	\$
Number of days at <b>W</b> item <b>26</b> on your tax return	(u)	
Multiply (u) by (q).	(v)	\$
Divide (v) by 365.	(w)	\$
Divide (w) by 2.	(x)	\$
Add (t) and (x).	(y)	\$
The amount at (y) is your exemption amount.		
Take (y) away from (q).	(z)	\$
The amount at (z) is your <b>Medicare levy</b> , if any.		

Transfer your **Medicare levy** to step 4 on the **FINAL WORKSHEET** on page 94.

## PART 6 Medicare levy surcharge (from item 27 on your tax return)

The Medicare levy surcharge applies only if you have selected **No** at **E** item **27** on your tax return. To work out your Medicare levy surcharge, follow the steps below.

Your taxable income (from item <b>18</b> on your tax return)	(a)	\$
Your total reportable fringe benefits amounts (from item <b>6</b> on your tax return)	(b)	\$
Add (a) and (b).	(c)	\$
Divide (c) by 100 to get 1%.	(d)	\$

If the surcharge applies for the **whole year**, the **Medicare levy surcharge** amount you have to pay is (d) above. In that case, transfer the amount at (d) to step 4 on the **FINAL WORKSHEET** on page 94.

If the surcharge applies for only **part** of the year, continue with the steps below.

Number of days at <b>A</b> item <b>27</b> on your tax return	(e)	\$
Take (e) away from 365.	(f)	\$
Multiply (d) by (f).	(g)	\$
Divide (g) by 365.	(h)	\$
The amount at (h) is your <b>Medicare levy surcharge</b> .		

Transfer your **part-year Medicare levy surcharge** at (h) to step 4 on the **FINAL WORKSHEET** on page 94.

### Are you entitled to a refund or do you have a debt?

If the amount at **S** is less than zero, this is the **amount of refund due to you**. If you have no tax debts this is the amount you will receive.

If **S** is more than zero, this is the **net amount of tax you have to pay**.
