

Short tax return for individuals 2010

The form for people with simpler tax affairs

DO YOU HAVE TO LODGE A TAX RETURN?

If you are not sure whether you need to lodge a tax return, see page 3 of the *Short tax return instructions 2010*.

! Changes to income tests may mean you can no longer use the short tax return. Three new income tests have been introduced to calculate tax offsets and obligations, they are your:

- adjusted taxable income
- rebate income, and
- income for surcharge purposes.

To find out what this may mean to you and if you still qualify to use the short tax return please read and answer the following questions carefully.

THIS FORM IS FOR PEOPLE WITH SIMPLER TAX AFFAIRS.

We consider that you have simpler tax affairs if you can answer 'yes' to questions 1 to 4, and 'no' to questions 5 to 8.

LODGING YOUR SHORT TAX RETURN

You can lodge your short tax return either by phone or by mail. **If you lodge by phone we will process your short tax return within 14 days.** Our standard time for processing mailed short tax returns is up to six weeks.

LODGING BY PHONE

You can lodge your completed short tax return by phoning **13 28 65**.

This service is available 24 hours a day, seven days a week. To avoid busy periods, phone before midday, after 5.00pm or on weekends.

What is the phone lodgment service?

Phone lodgment uses speech recognition. You will hear automated questions. Simply answer each question by saying your response.

Generally, most calls are finished within 12 minutes.

Your call will be recorded in case anything needs to be checked later.

IMPORTANT

You can ask a family member or friend to help you prepare your short tax return, but they cannot lodge your short tax return by phone on your behalf unless you have given them written consent. This must be attached to your short tax return which you retain for your records.

How to lodge your short tax return by phone

You no longer need to quote the sequence number from a previous notice of assessment when lodging by phone. However, if any of your personal details, such as your name or postal address, have changed, phone us on **13 28 61** to have them updated before proceeding.

- 1 Complete the enclosed short tax return, then read, sign and date the declaration at item **51**.
- 2 When you phone to lodge you must have **your completed short tax return** in front of you. Phone **13 28 65**, press **2** and **2** again.
- 3 Listen to each question asking for the information you have already written on your short tax return. Make sure you have listened to the whole question before you begin to answer. Speak naturally, as in normal conversation, there is no need to slow down.
- 4 The service refers to red block letters beside the boxes you fill in on your short tax return (for example, **D**) as 'label D'.
- 5 Listen carefully. At certain questions the service will repeat the information you have provided and ask you to confirm that the information is correct.
- 6 If the service has trouble understanding your answer, you will be asked to repeat the information or to use the phone keypad instead.
- 7 If you made a mistake, say 'adjust' or 'restart' to make a correction as follows:
 - to verify or change any of the amounts you have already entered say 'adjust'
 - if you have missed a question, say 'restart' and the service will start again from the income section.
- 8 If you don't understand a question, say 'help' and the service will give you more information.
See **What if something goes wrong?** on the next page for more information.
- 9 Once you have successfully lodged your short tax return, you will be given a receipt number at the end of your call. **Write the receipt number in the box on the bottom of the last page of the short tax return.** This receipt number is your official acknowledgment that you have lodged your short tax return. The phone lodgment service will then estimate your refund or tax payable while you are on the phone.

If you wish to confirm your lodgment, phone **13 28 65**, press **2** and **2** again. You will need your TFN. The service will acknowledge your lodgment and read out your receipt number. This is the only information you will be given.

IMPORTANT

Once you have lodged your short tax return over the phone and received a receipt number, you can't lodge your short tax return again. If you made a mistake, or if you need to amend your short tax return for some other reason, you will need to write to us and request an amendment – see page 7 of the *Short tax return instructions 2010*.

Do not mail the short tax return to us if you have used the phone lodgment service and received a receipt number. Keep it for your records.

What if something goes wrong?

If you don't understand a question, say 'help' and the service will give you more information.

If you experience difficulties using the service, or have any feedback, phone us on **13 28 61**. There is no opportunity to be transferred to an operator while using the automated phone lodgment service.

What if I get cut off or I cannot complete my lodgment?

If you cannot complete your lodgment (for example, because you need to update your personal details) you can phone again and reuse the details from your earlier phone call. To update personal details, phone **13 28 61**.

What if the service doesn't understand me?

If the service doesn't understand you:

- try saying the information in a different way, for example, saying the amount of \$1,235 can be either 'one, two, three, five dollars' or 'one thousand, two hundred and thirty-five dollars'
- use a fixed landline phone. Our service may have trouble understanding you if you are calling from a cordless or mobile phone because of interference.

How long will it take?

We expect it will take no longer than 12 minutes to lodge your short tax return by phone. However there is no time limit, should you need to take more time.

What if I have made a mistake on my short tax return?

If after you get your receipt number, you realise that you made a mistake or omitted some information, you will need to correct it as soon as possible by requesting an amendment – see page 7 of the *Short tax return instructions 2010*.

Can I lodge by phone a short tax return for another year?

Phone lodgment is possible only for 2010 short tax returns. You must mail tax returns for prior years.

How do I know I have finished?

You have finished lodging your short tax return only when you have been issued with a receipt number. If you don't receive a receipt number you can phone again and reuse the details from your earlier phone call.

If you wish to confirm your lodgment, phone **13 28 65**, press **2** and **2** again. Then enter your TFN. The service will acknowledge your lodgment.

How do I check the progress of my short tax return?

We will process your short tax return lodged by phone within 14 days, while the standard time for processing mailed short tax returns is up to six weeks.

To check the progress of your assessment phone our personal self-help service on **13 28 65**, press **1** and **1** again to use the 'Where's my refund' service. You will need your TFN to do this.

STOP

Do not send us the paper copy of your short tax return if you have lodged by phone and received a receipt number. Keep it for your records.
